

Marriott International Raises \$920 Million In Cash Through Amendments To Co-Brand Credit Card Agreements With JPMorgan Chase & Co. And American Express

May 5, 2020

BETHESDA, Md., May 5, 2020 /PRNewswire/ -- Marriott International, Inc. ("Marriott" or "the company") today announced it has signed amendments to its existing co-brand credit card agreements with JPMorgan Chase & Co. ("Chase") and American Express. These amendments will provide the company with \$920 million of cash, further enhancing its liquidity, with \$570 million coming from Chase and \$350 million coming from American Express.

The \$570 million from Chase includes \$500 million of prepayment of certain future revenues and \$70 million from the early payment of a previously committed signing bonus under the co-brand credit card agreement. The \$350 million from American Express is for the pre-purchase of Marriott Bonvoy points and other consideration. In each case the cash will be recorded by Marriott as deferred revenue and will be available for general corporate purposes.

Both amendments include extensions of the existing co-brand credit card agreements, so they continue to be co-terminus.

The company has also terminated the \$1.5 billion 364-day revolving credit facility commitment it announced on April 14, 2020, the capacity of which was substantially reduced as a result of the Series EE senior notes offering the company completed on April 16, 2020.
