**THE PROXY STATEMENT AND ANNUAL REPORT TO SHAREHOLDERS ARE AVAILABLE AT <http://bnymellon.mobular.net/bnymellon/mar>**

## QUESTIONS AND ANSWERS ABOUT THE MEETING

### *What is the purpose of the annual meeting?*

At our annual meeting, shareholders will act upon the matters described in the accompanying notice of meeting. These actions include the election of the 10 director nominees listed below, ratification of the appointment of the independent registered public accounting firm (sometimes referred to as the “*independent auditor*”), an advisory resolution approving executive compensation, and an advisory vote on the frequency of future advisory votes on executive compensation and any other matters that may be properly presented at the meeting. In addition, our management will report on the Company’s performance during fiscal 2010 and respond to questions from shareholders.

### *Who is entitled to vote?*

Only shareholders of record at the close of business on the record date, March 15, 2011, are entitled to receive notice of and to vote at the meeting, or any postponement or adjournment of the meeting. Each outstanding share of the Company’s Class A common stock entitles its holder to cast ten votes on each matter to be voted upon.

### *Who can attend the meeting?*

All shareholders of record at the close of business on the record date, or their duly appointed proxies, may attend the meeting. Cameras, recording devices and other electronic devices will not be permitted at the meeting.

You will find directions to the meeting, and information on parking, public transportation and lodging, on the back cover of this proxy statement.

***What constitutes a quorum?***

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of Class A common stock of the Company outstanding on the record date and entitled to vote will constitute a quorum. A quorum is required for business to be conducted at the meeting. As of the March 15, 2011 record date, 366,576,459 shares of our Class A common stock were outstanding and entitled to vote. If you submit a properly executed proxy card, even if you abstain from voting, then you will be considered part of the quorum. Similarly, “broker non-votes” (described below) will be counted in determining whether there is a quorum.

***How do I vote?***

You may vote either by casting your vote in person at the meeting, or by marking, signing and dating each proxy card you receive and returning it in the prepaid envelope, by telephone, or electronically through the Internet by following the instructions included on your proxy card. The telephone and Internet voting procedures are designed to authenticate votes cast by use of a personal identification number. The procedures, which are designed to comply with Delaware law, allow shareholders to appoint a proxy to vote their shares and to confirm that their instructions have been properly recorded.

If you hold your shares in “street name” through a broker or other nominee, you may be able to vote by telephone or electronically through the Internet in accordance with the voting instructions provided by that institution.

***What does the Board recommend?***

The Board’s recommendations are set forth after the description of each item in this proxy statement. In summary, the Board recommends a vote:

- FOR election of the 10 director nominees (see Item 1 on page 6);
- FOR ratification of the appointment of the independent auditor (see Item 2 on page 6);
- FOR approval of the advisory resolution on executive compensation (see Item 3 on page 7); and
- EVERY YEAR on the advisory vote on the frequency of future advisory votes on executive compensation (see Item 4 on page 7);

***How will my shares be voted?***

Your shares will be voted as you indicate on the proxy card. If you return your signed proxy card but do not mark the boxes indicating how you wish to vote, your shares will be voted FOR the election of the 10 director nominees listed below; FOR the ratification of the appointment of Ernst & Young LLP as the Company’s independent auditor for 2011; FOR approval of the advisory resolution on executive compensation; and EVERY YEAR on the advisory vote on the frequency of future advisory votes on executive compensation.

***Can I change my vote or revoke my proxy after I return my proxy card, or after I vote by telephone or electronically?***

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised at the meeting. Regardless of the way in which you submitted your original proxy, you may change it by:

- (1) Returning a later-dated signed proxy card;
- (2) Delivering a written notice of revocation to BNY Mellon Shareowner Services, P.O. Box 358015, Pittsburgh, PA 15252-8015;
- (3) Voting by telephone or the Internet; or
- (4) Voting in person at the meeting.

If your shares are held through a broker or other nominee, you will need to contact that institution if you wish to change your voting instructions.

***How do I vote my 401(k) shares?***

If you participate in the Company's Employees' Profit Sharing, Retirement and Savings Plan and Trust (the "401(k) Plan") or the Sodexo Employee Savings Plan, you may give voting instructions as to the number of share equivalents allocated to your account as of the record date. You may provide voting instructions to the trustee under the applicable plan by completing and returning the proxy card accompanying this proxy statement. The trustee will vote your shares in accordance with your duly executed instructions if they are received by 11:59 p.m. Eastern Time, Tuesday, May 3, 2011. If you do not send instructions by this deadline or if you do not vote by proxy or return your proxy card with an unclear voting designation or no voting designation at all, the trustee will vote the number of shares equal to the share equivalents credited to your account in the same proportion that it votes shares for which it did receive timely instructions.

***What vote is required to approve each item?***

In the election of directors, each nominee must receive more "FOR" votes than "AGAINST" votes in order to be elected as a director. Instructions to "ABSTAIN" and broker non-votes will have no effect on the election of directors. ***Your broker or nominee will not be permitted to vote on the election of directors without instructions from the beneficial owner. As a result, if you hold your shares through a broker or nominee, they will not be voted in the election of directors, unless you affirmatively vote your shares in accordance with the voting instructions provided by that institution.***

For ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm, the affirmative vote of the holders of a majority of the shares of Class A common stock represented in person or by proxy and entitled to vote on the item will be required for approval. Instructions to "ABSTAIN" with respect to this item will be counted for purposes of determining the number of shares represented and entitled to vote. Accordingly, an abstention will have the effect of a vote "AGAINST" this item. Broker non-votes will not have any effect on the outcome of votes for this item.

For approval of the advisory resolution on executive compensation and the advisory vote on the frequency of future advisory votes on executive compensation, the affirmative vote of the holders of a

majority of the shares of Class A common stock represented in person or by proxy and entitled to vote on the item will be required for approval. ***Your broker or nominee will not be permitted to vote on these two advisory voting items without instructions from the beneficial owner. As a result, if you hold your shares through a broker or nominee, they will not be voted to approve on an advisory basis either (i) the Company's executive compensation or (ii) the frequency of future advisory votes on executive compensation, unless you affirmatively vote your shares in accordance with the voting instructions provided by that institution.*** Instructions to "ABSTAIN" with respect to the two advisory voting items will be counted for purposes of determining the number of shares represented and entitled to vote. Accordingly, an abstention will have the effect of a vote "AGAINST" each item. Broker non-votes will not have any effect on the outcome of votes for these two items.

***Who will count the vote?***

Representatives of BNY Mellon Shareowner Services, our independent stock transfer agent, will count the votes and act as the inspector of election.

***What shares are included on my proxy card(s)?***

The shares on your proxy card(s) represent ALL of your shares of Class A common stock that the Company's stock transfer records indicate that you hold, including (i) any shares you may hold through the BNY Mellon Shareowner Services Program for Marriott International, Inc. Shareholders administered by The Bank of New York Mellon; (ii) if you are a current or former Marriott employee, any shares that may be held for your account by The Northern Trust Company as custodian for the 401(k) Plan; and (iii) if you are a current or former Sodexo Inc. employee, any shares that may be held for your account by State Street Bank and Trust Company as trustee for the Sodexo Employee Savings Plan. If you have shares in the 401(k) Plan or the Sodexo Employee Savings Plan and do not vote by proxy, or return your proxy card with an unclear voting designation or no voting designation at all, then Northern Trust or State Street, as applicable, will vote your shares in proportion to the way the other 401(k) Plan participants or Sodexo Employee Savings Plan participants, as applicable, voted their shares. Shares that are held in "street name" through a broker or other nominee are not included on the proxy card(s) furnished by the Company, but the institution will provide you with a voting instruction form.

***What does it mean if I receive more than one proxy card?***

If your shares are registered under different names or are held in more than one account, you may receive more than one proxy card. To ensure that all your shares are voted, please sign and return all proxy cards, or if you choose, vote by telephone or through the Internet using the personal identification number printed on each proxy card. We encourage you to have all accounts registered in the same name and address (whenever possible). You can accomplish this by contacting our transfer agent, BNY Mellon Shareowner Services, at (800) 311-4816.

***How will voting on any other business be conducted?***

Although we currently do not know of any business to be considered at the 2011 annual meeting other than the proposals described in this proxy statement, if any other business is properly presented at the annual meeting, your proxy gives authority to J.W. Marriott, Jr. and/or Arne M. Sorenson to vote on such matters at their discretion.

***When are shareholder proposals for the 2012 annual meeting of shareholders due?***

To be considered for inclusion in our proxy statement for the 2012 annual meeting of shareholders, shareholder proposals must be received at our offices no later than the close of business December 3, 2011. Proposals must comply with Rule 14a-8 under the Securities Exchange Act of 1934, and must be submitted in writing to the Corporate Secretary, Marriott International, Inc., Department 52/862, 10400 Fernwood Road, Bethesda, Maryland 20817.

In addition, our bylaws require that, if a shareholder desires to introduce a shareholder proposal or nominate a director candidate from the floor of the 2012 annual meeting of shareholders, the shareholder must submit such proposal or nomination in writing to the Company's Secretary at the above address no earlier than January 7, 2012 and no later than February 6, 2012. The written proposal or nomination must comply with our bylaws. The Chairman of the meeting may refuse to acknowledge or introduce any shareholder proposal or the nomination of any person made after February 5, 2012, or that does not comply with our bylaws. If a shareholder fails to meet these deadlines or satisfy the requirements of Rule 14a-4 under the Securities Exchange Act of 1934, the proxies we solicit allow us to vote on such proposals as we deem appropriate. You can find a copy of our bylaws in the Investor Relations section of the Company's website ([www.marriott.com/investor](http://www.marriott.com/investor)) by clicking on "Corporate Governance" and then "Governance Documents" or you may obtain a copy by submitting a request to the Corporate Secretary, Marriott International, Inc., Department 52/862, 10400 Fernwood Road, Bethesda, Maryland, 20817.

***How much did this proxy solicitation cost and who paid that cost?***

The Company paid for this proxy solicitation. We hired MacKenzie Partners, Inc. to assist in the distribution of proxy materials and solicitation of votes for an estimated fee of \$6,500, plus reimbursement of certain out-of-pocket expenses. We also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to shareholders. Proxies will be solicited by mail, telephone, or other means of communication. Our directors, officers and regular employees who are not specifically employed for proxy solicitation purposes and who will not receive any additional compensation for such activities may also solicit proxies.

***Can I receive future shareholder communications electronically through the Internet?***

Yes. You may elect to receive future notices of meetings, proxy materials and annual reports electronically through the Internet. If you have previously consented to electronic delivery, your consent will remain in effect until withdrawn. To consent to electronic delivery:

- If your shares are registered in your own name, and not in "street name" through a broker or other nominee, simply log in to the Internet site maintained by our transfer agent, BNY Mellon Shareowner Services, at [www.bnymellon.com/shareowner/isd](http://www.bnymellon.com/shareowner/isd) and the step-by-step instructions will prompt you through enrollment.
- If your shares are registered in "street name" through a broker or other nominee, you must first vote your shares using the Internet, at [www.proxyvote.com](http://www.proxyvote.com), and immediately after voting, fill out the consent form that appears on-screen at the end of the Internet voting procedure.

You may withdraw this consent at any time and resume receiving shareholder communications in print form.

## PROPOSALS TO BE VOTED ON

### ITEM 1—Election of Directors

All of our directors are standing for election at the 2011 annual meeting, and each director elected will hold office for a term expiring at the 2012 annual meeting of shareholders or until his or her successor is elected or appointed.

The following current directors of the Company have been nominated for re-election as a director:

J.W. Marriott, Jr.	John W. Marriott III	Lawrence M. Small
Mary K. Bush	George Muñoz	Arne M. Sorenson
Lawrence W. Kellner	Harry J. Pearce	
Debra L. Lee	Steven S Reinemund	

You can find information on the director nominees beginning on page 9.

We do not know of any reason why any of the nominees would be unable to serve. However, if any of the nominees should become unable to serve as a director, the Board may designate a substitute nominee or reduce the size of the Board. If the Board designates a substitute nominee, the persons named as proxies will vote “FOR” that substitute nominee.

The Company’s bylaws prescribe the voting standard for election of directors as a majority of the votes cast in an uncontested election, such as this one, where the number of nominees does not exceed the number of directors to be elected. Under this standard, a nominee must receive more “FOR” votes than “AGAINST” votes in order to be elected as a director. In a contested election, where the number of nominees exceeds the number of directors to be elected (which is not the case at the 2011 annual meeting), the directors will be elected by a plurality of the shares present in person or by proxy and entitled to vote on the election of directors. Under the Company’s Governance Principles, if a nominee who already serves as a director is not elected, that nominee shall offer to tender his or her resignation to the Board. The Nominating and Corporate Governance Committee will then recommend to the Board whether to accept or reject the resignation, or whether other action should be taken. Within 90 days of the certification of election results, the Board will publicly disclose its decision regarding whether to accept or reject the resignation.

**The Board recommends a vote FOR each of the 10 director nominees.**

### ITEM 2—Ratification of Appointment of Independent Registered Public Accounting Firm

The Audit Committee of the Board has appointed Ernst & Young LLP as the Company’s independent registered public accounting firm for fiscal 2011. Ernst & Young LLP, a firm of registered public accountants, has served as the Company’s independent registered public accounting firm since May 3, 2002. Ernst & Young LLP will examine and report to shareholders on the consolidated financial statements of the Company and its subsidiaries.

Representatives of Ernst & Young LLP will be present at the annual meeting, will have an opportunity to make a statement if they so desire, and are expected to be available to respond to appropriate questions. You can find information on pre-approval of independent auditor fees and Ernst & Young LLP’s 2010 and 2009 fees beginning on page 22.

Although the Audit Committee has discretionary authority to appoint the independent auditors, the Board is seeking shareholder ratification of the appointment of the independent auditors as a matter of good corporate governance. If the appointment of Ernst & Young LLP is not ratified by shareholders, the Audit Committee will take that into consideration when determining whether to continue the firm's engagement.

**The Board recommends a vote FOR ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal 2011.**

### **ITEM 3—Advisory Resolution Approving Executive Compensation**

We are asking shareholders to approve a non-binding advisory resolution on the compensation of our Named Executive Officers, as disclosed in this proxy statement. Although the resolution, commonly referred to as a "say-on-pay" resolution, is non-binding, our Board of Directors and Compensation Policy Committee value your opinions and will consider the outcome of the vote when making future compensation decisions. We urge you to read the Compensation Discussion and Analysis beginning on page 24 of this proxy statement, which describes in detail how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives, as well as the Summary Compensation Table and other related compensation tables and narrative, appearing on pages 39 through 49, which provide detailed information on the compensation of our Named Executive Officers.

The Board believes that our current executive compensation program achieves an appropriate balance of long- and short-term performance incentives, reinforces the link between executive pay and the Company's long-term performance and stock value, and thereby aligns the interests of our Named Executive Officers with those of shareholders.

In accordance with recently adopted Section 14A of the Exchange Act, and as a matter of good corporate governance, we are asking shareholders to approve the following advisory resolution at the 2011 annual meeting:

RESOLVED, that the shareholders of Marriott International, Inc. (the "Company") approve, on an advisory basis, the compensation of the Company's named executive officers disclosed in the Compensation Discussion and Analysis, the Summary Compensation Table and the related compensation tables, notes and narrative in the Proxy Statement for the Company's 2011 Annual Meeting of Shareholders.

**The Board recommends that you vote FOR approval of the advisory resolution on executive compensation.**

### **ITEM 4—Advisory Vote On The Frequency Of Future Advisory Votes On Executive Compensation**

Pursuant to recently adopted Section 14A of the Exchange Act, we are asking shareholders to vote on whether future advisory votes on executive compensation like Item No. 3 above should occur every year, every two years or every three years. This vote is not binding on the Board of Directors. After careful consideration, the Board has determined that holding an advisory vote on executive compensation every year is most appropriate for the Company at this time, and recommends that shareholders vote to hold such future advisory votes every year. While our Company's executive compensation program is designed to reinforce the link between executive pay and our long-term

performance and stock value, the Board recognizes that executive compensation disclosures are made annually. Given that advisory votes on executive compensation are new, holding an annual advisory vote provides us with more direct and immediate feedback on our compensation. An annual advisory vote also is consistent with our practice of annual elections for all directors and annual ratification of our independent registered public accounting firm.

In the event the Board decides to make changes to our executive compensation program following a shareholder advisory vote, you should note that because the advisory vote occurs well after the beginning of the compensation year, and because the different elements of our executive compensation program are designed to operate in an integrated manner and to complement one another, in many cases it may not be appropriate or feasible to implement such changes by the time of the following year's annual meeting of shareholders.

We understand that our shareholders may have different views as to what is an appropriate frequency for advisory votes on executive compensation. Although this advisory vote is not binding on the Board, we will carefully review the voting results on this proposal. Notwithstanding the Board's recommendation and the outcome of the shareholder vote, the Board may in the future decide to conduct advisory votes on a more or less frequent basis and may vary its practice based on factors such as discussions with shareholders and the adoption of material changes to compensation programs.

You may specify one of four choices for this proposal on the proxy card: one year, two years, three years or abstain. You are not voting to approve or disapprove the Board's recommendation.

**The Board recommends that you vote to conduct future advisory votes on executive compensation EVERY YEAR.**

## CORPORATE GOVERNANCE

### Board Leadership Structure

The Company operates using a board leadership structure commonly used by other public companies in the United States. Under this structure, the chief executive officer also serves as chairman of the board. J.W. Marriott, Jr., the son of Company founder, J. W. Marriott, has served as the Chairman and CEO of the Company since 1985. Mr. Marriott is recognized as an iconic leader in the hospitality industry. The Board, as well as our investors and customers, recognizes that Mr. Marriott's association with the Company in that consolidated leadership capacity provides a unique, intrinsic value to the franchise that gives us a significant competitive advantage. Having one person serve as both the Chairman and the CEO demonstrates to our employees, investors, customers and other constituents that the Company is under strong leadership with a single person having primary responsibility for management of our operations, under the oversight and review of the Board. A single leader also eliminates the potential for confusion or duplication of efforts and enables the Chairman and CEO to act as the key link between the Board and other members of management.

While the independent directors have not designated a lead independent director, the Chairman of our Nominating and Corporate Governance Committee fulfills the same responsibilities as the lead directors at many companies. These responsibilities include presiding over the meetings of the independent directors, coordinating the activities of the independent directors and facilitating communications between the Chairman and CEO and the other Board members. That person also is a standing member of the Company's two-person Executive Committee along with the Chairman and CEO. The Chairman of the Nominating and Corporate Governance Committee also coordinates the evaluation of Board and Committee performance, the assessment and evaluation of Board candidates, and the monitoring of corporate governance developments and recommendations for changes to the Company's governance practices. We believe that the role played by the Chairman of the Nominating and Corporate Governance Committee provides strong, independent Board leadership.

Seven of our 10 directors are independent, and the Audit, Compensation Policy and Nominating and Corporate Governance committees are comprised solely of independent directors. Consequently, the independent directors directly oversee such critical items as the Company's financial statements, executive compensation, the selection and evaluation of directors and the development and implementation of our corporate governance programs.

At least annually, the Board reviews our Board leadership structure as part of the succession planning process that is described in our Governance Principles (see discussion below under "Governance Principles"). We believe that our current leadership structure, in which the CEO serves as Chairman, together with an experienced and engaged Chairman of the Nominating and Corporate Governance Committee (who plays a role similar to that of lead director at many companies) and independent key committees, has been effective and remains the optimal structure for our Company and our shareholders at this time.

### Selection of Director Nominees

The Nominating and Corporate Governance Committee will consider candidates for Board membership suggested by its members, other Board members, management and shareholders. As a shareholder, you may recommend any person for consideration as a nominee for director by writing to the Nominating and Corporate Governance Committee of the Board of Directors, c/o Marriott International, Inc., Department 52/862, 10400 Fernwood Road, Bethesda, Maryland 20817.

Recommendations must include the name and address of the shareholder making the recommendation, a representation that the shareholder is a holder of record of Class A common stock, biographical information about the individual recommended and any other information the shareholder believes would be helpful to the Nominating and Corporate Governance Committee in evaluating the individual recommended.

Once the Nominating and Corporate Governance Committee has identified a candidate, the Committee evaluates the candidate against the qualifications set out in the Company's Governance Principles, including:

- character, judgment, personal and professional ethics, integrity, values, and familiarity with national and international issues affecting business;
- depth of experience, skills, and knowledge complementary to the Board and the Company's business; and
- willingness to devote sufficient time to carry out the duties and responsibilities effectively.

The Committee makes a recommendation to the full Board as to any persons it believes should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the Committee. The procedures for considering candidates recommended by a shareholder for Board membership are consistent with the procedures for candidates recommended by members of the Nominating and Corporate Governance Committee, other members of the Board or management.

## **Governance Principles**

The Board has adopted Governance Principles that meet or exceed the New York Stock Exchange ("NYSE") Listing Standards. The portion of our Governance Principles addressing director independence appears below, and the full text of the Governance Principles can be found in the Investor Relations section of the Company's website ([www.marriott.com/investor](http://www.marriott.com/investor)) by clicking on "Corporate Governance," then "Governance Documents" and then "View Governance Information." A copy may also be obtained upon request from the Company's Corporate Secretary. Our Governance Principles establish the limit on the number of board memberships for the Company's directors at three, including Marriott, for directors who are chief executive officers of public companies, and five for other directors.

## **Director Independence**

Our Governance Principles include the following standards for director independence:

5. **Independence of Directors.** At least two-thirds of the directors shall be independent, provided that having fewer independent directors due to the departure, addition or change in independent status of one or more directors is permissible temporarily, so long as the two-thirds requirement is again satisfied by the later of the next annual meeting of shareholders or nine months. To be considered "independent," the board must determine that a director has no direct or indirect material relationship with Marriott. The board has established the guidelines set forth below to assist it in determining director independence. For the purpose of this section 5, references to "Marriott" include any of Marriott's consolidated subsidiaries:

a. A director is not independent if (i) the director is, or has been within the preceding three years, employed by Marriott; (ii) the director is a current partner or employee of Marriott's independent auditor, or was within the preceding three years a partner or employee of Marriott's independent auditor and personally worked on the audit of Marriott within that time; (iii) an immediate family member of the director is, or has been within the preceding three years, employed by Marriott as an executive officer; (iv) an immediate family member of the director is a current partner of Marriott's independent auditor, or is a current employee of Marriott's independent auditor and personally works on the audit of Marriott; (v) an immediate family member of the director was within the preceding three years a partner or employee of Marriott's independent auditor and personally worked on the audit of Marriott within that time; (vi) the director or an immediate family member is, or has been within the preceding three years, part of an interlocking directorate in which the director or an immediate family member is employed as an executive officer of another company for which a present executive officer of Marriott at the same time serves on the compensation committee of that other company; (vii) the director has received, or an immediate family member has received, during any 12-month period within the preceding

three years, more than \$120,000 in direct compensation from Marriott, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service); or (viii) the director is a current employee, or an immediate family member is a current executive officer, of another company that does business with Marriott where the annual sales to, or purchases from, Marriott are in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million or two percent of the consolidated gross annual revenues of that other company.

b. The following commercial or charitable relationships are not material relationships that would impair a Marriott director's independence: (i) service as an executive officer of another company which is indebted to Marriott, or to which Marriott is indebted, where the total amount of either company's indebtedness to the other is less than two percent of the total consolidated assets of the other company; and (ii) service by a Marriott director or his or her immediate family member as an officer, director or trustee of a charitable organization, where Marriott's discretionary charitable contributions to that organization are in an amount equal to or less than the greater of \$1 million or two percent of that organization's consolidated gross annual revenues. The board annually reviews all commercial and charitable relationships of directors, and publishes whether directors previously identified as independent continue to satisfy the foregoing tests.

c. For relationships not covered by the guidelines in paragraph (b) above, the determination of whether the relationship is material or not, and therefore whether the director would be independent or not, shall be made by the directors who satisfy the independence guidelines set forth in paragraphs (a) and (b) above.

The Board undertook its annual review of director independence in February 2011. As provided in the Governance Principles, the purpose of these reviews is to determine whether any relationships or transactions are inconsistent with a determination that the director or nominee is independent.

During these reviews, the Board recognized the current or recent employment of J.W. Marriott, Jr., John W. Marriott III, and Arne M. Sorenson and the family relationships of J.W. Marriott, Jr. and John W. Marriott III with other Company executives. The Board considered that Ms. Bush, Mr. Kellner, Ms. Lee, Mr. Muñoz, Mr. Pearce, Mr. Reinemund and Mr. Small each serve, or recently served, as directors or executive officers of companies that do business with Marriott and that in each case the payments to and from Marriott were significantly less than the two percent threshold in Marriott's Governance Principles. The Board further considered that Ms. Bush, Ms. Lee, and Mr. Reinemund are also affiliated with charitable organizations that received contributions from Marriott and/or the J. Willard and Alice S. Marriott Foundation and that the contribution amounts were significantly below the charitable contribution threshold set forth in Marriott's Governance Principles.

Based on the standards set forth in the Governance Principles and after reviewing the relationships described above, the Board affirmatively determined that Mary K. Bush, Lawrence W. Kellner, Debra L. Lee, George Muñoz, Harry J. Pearce, Steven S Reinemund, and Lawrence M. Small are each independent of the Company and its management. J.W. Marriott, Jr., John W. Marriott III, and Arne M. Sorenson are considered not independent as a result of their employment with the Company and/or family relationships. The Board determined in connection with the 2010 annual meeting that W. Mitt Romney, who resigned from the Board effective January 12, 2011, was independent, and that Mr. Shaw, who resigned from the Board on February 11, 2011, and as Vice Chairman of the Company effective March 31, 2011, was not independent as a result of his employment with the Company.

The Chairman of the Nominating and Corporate Governance Committee, currently Mr. Kellner, presides at the meetings of the independent directors.

### **Risk Oversight**

The Board of Directors is responsible for overseeing the Company's processes for assessing and managing risk. The Board considers our risk profile when reviewing our annual business plan and incorporates risk assessment into its decisions impacting the Company. In performing its oversight responsibilities, the Board receives an annual risk assessment report from the Chief Financial Officer and discusses the most significant risks facing the Company.

The Board also has delegated certain risk oversight functions to the Audit Committee. In accordance with NYSE requirements and as set forth in its charter, the Audit Committee periodically reviews and discusses the Company's business and financial risk management and risk assessment policies and procedures with senior management, the Company's independent auditor and the Chief Audit Executive. The Audit Committee incorporates its risk oversight function into its regular reports to the Board.

In addition, the Compensation Policy Committee reviewed a risk assessment to determine whether the amount and components of compensation for the Company's employees and the design of compensation programs might create incentives for excessive risk-taking by the Company's employees. As explained in the Compensation Discussion and Analysis below, the Compensation Policy Committee believes that our compensation programs encourage employees, including our executives, to remain focused on a balance of the short- and long-term operational and financial goals of the Company, and thereby reduce the potential for actions that involve an excessive level of risk.

### Report of the Audit Committee

### Compensation Discussion and Analysis

This section explains the Company’s executive compensation program for the following “*Named Executive Officers*” (“NEOs”):

J.W. Marriott, Jr.	Chairman and Chief Executive Officer

William J. Shaw	Vice Chairman of the Company (retired as of March 31, 2011)
Robert J. McCarthy	Group President
Carl T. Berquist	Executive Vice President and Chief Financial Officer

Marriott is consistently recognized as a global hospitality leader. Each of the NEOs is a longstanding member of our senior management team. In addition, our other NEOs collectively have over 94 years of hospitality experience with Marriott.

To motivate our NEOs and align their focus with stockholders’ interests, the Company maintains an executive compensation program with the following key elements:

<u>Element</u>	<u>Purpose</u>
Base Salary	Provides the NEOs with a fixed level of compensation.
Annual Bonus	Encourages growth and profitability by rewarding the NEOs for their contributions to annual financial and operational goals.
Stock Awards	Align interests of the NEOs with the long-term interests of shareholders and attract and retain key talent.
Other Benefits	Support retirement planning and provide competitive benefits.

Our executive compensation program has remained substantially the same for many years and has proven to be an important factor in the Company's long-term success. As explained further in the Philosophy section below, the Company continues to emphasize equity compensation as the most significant component of the NEOs' total pay opportunity.

Fiscal year 2010 began with continued economic uncertainty in the hospitality industry. As the year progressed, the Company saw increases in business travel and group bookings, which contributed to improved Company financial performance in 2010 compared to 2009. In 2010, revenues were \$11.7 billion and diluted earnings per share totaled \$1.21. Revenues from management and franchise fees increased over 9 percent to almost \$1.2 billion, reflecting a nearly 6 percent increase on a constant dollar basis in worldwide revenue per available room (RevPAR) across our system. The Company reached its targeted debt level in 2010 and remains one of the few lodging companies with an investment-grade rating. In addition, cash balances amounted to \$505 million at year-end and the Company resumed share repurchases. The following table shows a comparison of the Company's revenue, EPS and stock price performance from 2009 to 2010:

	<u>2009</u>	<u>2010</u>
Revenue (in billions) . . . . .	\$ 10.9	\$ 11.7
EPS . . . . .	(\$ 0.97)	\$ 1.21
Stock Price Per Share as of Fiscal Year-End . . . . .	\$27.25	\$41.54

During this period of economic transition, the Committee made the following key compensation decisions for 2010:

- **Base Salary:** The Committee determined NEO salary adjustments in February 2010. In consideration of continued uncertainty about the economy and its impact on the hospitality industry, each of the NEOs received only a 2.5% annual salary increase which took effect three months after the usual January 1<sup>st</sup> effective date. The amount of the increase and the three-month delay were consistent with base salary adjustments for all management associates.
- **Annual Bonus:** The Company maintains two bonus plans for its senior executives. The payouts under the plans for 2010 were:
  - Under the bonus plan that focuses exclusively on EPS results (which reflects 60% of each NEO's total annual bonus opportunity), the Company's EPS (as reported under GAAP) of \$1.21 exceeded the maximum achievement level. Consequently, each of the NEOs received a maximum payout under this portion of the bonus plan for 2010.
  - Under the bonus plan that targets a combination of individual and corporate performance measures (which reflects 40% of each NEO's total annual bonus opportunity), the Committee approved varying payouts that generally were above threshold for 2010. This was because: (i) each NEO achieved certain key individual objectives; (ii) room growth resulted in a maximum payout; and (iii) the owner/franchisee and guest satisfaction surveys yielded target and above threshold but below target results, respectively.

On a combined basis, the annual bonus plans resulted in an above target but less than maximum payout for each NEO for 2010. The following graph illustrates how the total amount of annual bonus paid to the NEOs has varied historically with changes in the Company's annual EPS results.

Annual Bonus vs. EPS

- Equity Compensation: Consistent with general market practices and the Company’s philosophy that the primary component of NEO compensation should be in the form of long-term equity awards, the Committee awarded the majority of each NEO’s total pay opportunity in the form of stock awards, as reflected in the following chart.

Compensation Components for 2010

Annual stock awards were granted to NEOs by reference to the 50<sup>th</sup> percentile of external market data. They were granted in February 2010 in an equal mix (based on grant date fair value) of restricted stock units (“RSUs”) and stock-settled stock appreciation rights (“SARs”), with a four-year pro rata vesting schedule. The grant date fair values of these awards are reported in the Summary Compensation Table and Grants of Plan-Based Awards for Fiscal 2010 table below.

- **Other Compensation:** In 2010, the Company continued to offer limited perquisites and personal benefits that make up a very small portion of the NEOs’ total compensation. The Company generally offers these benefits to encourage executive officers to visit and personally evaluate our properties or to enhance their efficiency and maximize the time that they can devote to Company business.
- **Compensation Policies:** Consistent with the Company’s commitment to executive compensation best practices, the Company continued the following NEO compensation practices for 2010:
  - The Company did not have employment contracts.
  - The Company did not offer a defined benefit pension plan.
  - The Company did not offer a supplemental executive retirement plan (SERP).
  - The Company did not provide tax gross-ups.
  - The Company did not have a severance plan for executives.
  - The Company did not provide “single trigger” change in control benefits.
  - The NEOs are subject to stock ownership guidelines.
  - The NEOs are subject to clawback requirements.
  - All associates and directors are prohibited from engaging in hedging or derivative transactions related to Marriott stock or securities.

## **Philosophy**

The Company believes that strong and consistent leadership is the key to long-term success in the hospitality industry. Marriott has a long history of delivering results for shareholders by relying on talented, hard-working employees (“associates”) who uphold the Company’s ideals and unique culture. Therefore, in designing and implementing its executive compensation program, the Company emphasizes the following three principles.

- NEOs should be paid in a manner that contributes to long-term shareholder value. Therefore, equity compensation should be the most significant component of total pay opportunity for the NEOs.
- Compensation should be designed to motivate the NEOs to perform their duties in ways that will help the Company achieve its short- and long-term objectives. This is achieved by offering an appropriate mix of cash and non-cash elements of pay.
- The NEO compensation program must be competitive so that the Company can attract key talent from within and outside of our industry and retain key talent at costs consistent with market practice.

In setting NEO pay, the Committee recognizes that the Company's annual financial results can fluctuate dramatically given the cyclical nature of the hospitality business and its sensitivity to the global economy. Therefore, the Committee emphasizes a long-term perspective when determining the appropriate total pay level and mix of pay, and it may make adjustments to NEO pay in its discretion to reflect one-time market events that otherwise could unduly enrich or penalize the NEOs.

The Company reinforces this long-term philosophy through its stock ownership guidelines which prescribe that each executive own Company stock with total value equal to a multiple of between one to four times (depending upon the executive's position) his or her individual salary grade midpoint within five years of becoming subject to the guidelines. As of December 31, 2010, each NEO met these guidelines. Furthermore, consistent with the purposes of the stock ownership guidelines, the Company prohibits all associates and directors from engaging in short sale transactions or entering into any other hedging or derivative transaction related to Marriott stock or securities. In addition, as indicated in the discussion of Grants of Plan-Based Awards for Fiscal 2010 below, RSUs are not subject to accelerated vesting upon retirement. As a result, executives have a continuing stake in the Company's performance beyond the end of their employment, thereby strengthening their interest in the Company's long-term success.

### **Risk Considerations**

The Committee considered risk in determining 2010 NEO compensation and believes that the following aspects of NEO pay discourage unreasonable or excessive risk-taking by executives:

- Base salary levels are commensurate with the executives' responsibilities (and the competitive market) so that the executives are not motivated to take excessive risks to achieve an appropriate level of financial security.
- Annual bonus plans include a diverse mix of corporate and individual performance metrics.
- Annual bonus opportunities are capped so that no payout exceeds a specified percentage of salary, thereby moderating the impact of short-term incentives.
- The Committee and the Board have discretion to decrease annual bonus payouts, for example, if they believe the operational or financial results giving rise to those payouts are unsustainable or if they believe the payout would unfairly reward the NEOs for events that are unrelated to their performance.
- The mix of short- and long-term incentives is balanced so that at least 50% of total pay opportunity is in the form of long-term equity awards.
- Annual stock awards are granted as an equal mix of SARs and RSUs that vest over 4 years which together encourage the NEOs to focus on sustained stock price performance.
- The Committee reviews and compares total compensation and each element of compensation to external market data to confirm that compensation is within an acceptable range relative to the external market.
- The NEOs are subject to clawback provisions (as discussed below).
- Stock ownership guidelines align the long-term interests of NEOs with the interests of shareholders.

## 2010 Compensation

In designing and determining 2010 NEO pay, the Committee considered recommendations of the Company's EVP, Global Human Resources, as well as the advice and recommendations of the Committee's independent compensation consultant, Pearl Meyer & Partners (the "Compensation Consultant") (see the discussion of the Compensation Consultant below). The Committee also sought input from Mr. Marriott regarding pay equity among the NEOs and his general knowledge of industry practice and trends. The Committee obtained input and approval from the full Board with regard to the compensation package for Messrs. Marriott, Sorenson and Shaw (Messrs. Marriott, Shaw and John Marriott III abstained from Board votes regarding compensation decisions).

In its determinations, the Committee does not set rigid, categorical guidelines or formulae to determine the elements and levels of compensation for the NEOs. Rather, it relies upon its collective judgment as applied to the challenges confronting the Company as well as subjective factors such as leadership ability, individual performance, retention needs and future potential as part of the Company's management development and succession planning process.

### Total Pay

As a general guideline for setting NEO total compensation opportunity, the Committee refers to the total compensation of executives between the 50<sup>th</sup> and 75<sup>th</sup> percentiles of a broad-based and select group of companies (as described below). In our experience, this range of total compensation opportunity typically is sufficient to attract and retain key executive talent. However, the Committee retains discretion to deviate from this range in the event of superior Company or individual performance, competitive recruiting pressures, internal equity, or succession planning. In addition, in reviewing relevant market data (see the discussion of Market Data below), the Committee may utilize discretion in determining the relevance of each survey. For 2010, the Committee took into account the fact that the survey did not provide comparable data for executive officer positions reflecting Mr. McCarthy's additional Global Brand and Sales and Marketing responsibilities or Mr. Shaw's responsibilities as Vice Chairman of the Company. After these considerations, total compensation opportunity (using a target annual bonus) was within the 50<sup>th</sup> to 75<sup>th</sup> percentile range for each of the NEOs for 2010 except for Mr. Sorenson. Mr. Sorenson was slightly above the 75<sup>th</sup> percentile, reflecting internal pay equity and organizational considerations.

### Base Salary

The Committee reviews individual base salaries for the NEOs each February for the current fiscal year. As a part of this review, the Committee considers whether base salary levels are commensurate with the executives' responsibilities (and the competitive market). For 2010, management recommended a 2.5% salary increase for each of the NEOs, effective three months after the usual effective date of the first day of the fiscal year. This recommendation was made in consideration of the continued uncertainty of the economy at that time and its impact on the hospitality industry and the fact that the NEOs did not receive regular salary increases in 2009. This increase was consistent with the increase for all eligible management associates and with observed salary increases in the marketplace. The Compensation Consultant reviewed and supported the recommendation which was approved by the Committee and, with respect to Messrs. Marriott, Sorenson and Shaw, by the Board.

### Annual Bonuses

To promote growth and profitability, the Company maintains two annual cash bonus plans: the Marriott International, Inc. Executive Officer Incentive Plan ("*Incentive Plan*"), which focuses on an

annual earnings per share (“EPS”) objective, and the Marriott International, Inc. Executive Officer Individual Performance Plan (“*Individual Plan*”), which targets several other financial, operational and human capital objectives for the year. Together, the plans are designed to provide executives with appropriate compensation incentives to achieve identified annual corporate and individual performance objectives.

At its February 2010 meeting, the Committee approved the specific performance objectives under each bonus plan for 2010. In February 2011, after the release of the 2010 fiscal year audited financial results, the Committee reviewed each NEO’s performance against the stated performance objectives to determine the actual bonus payments, as discussed below. All of the Committee’s decisions regarding annual bonuses for Messrs. Marriott, Sorenson and Shaw were subject to and received Board approval.

The potential awards under the Incentive Plan and Individual Plan for 2010 are reported in dollars in the Grants of Plan-Based Awards for Fiscal 2010 table, and the actual award amounts earned under the Incentive Plan and Individual Plan for 2010 are reported in dollars in the Summary Compensation Table following this Compensation Discussion and Analysis. The respective weightings of the relevant performance measures and the aggregate target and actual payments for 2010 under the combined Incentive Plan and Individual Plan are displayed in the table below. As reflected in the table, target awards range from 125% of salary for Mr. Marriott to 75% of salary for Messrs. McCarthy and Berquist, the same as the 2009 target awards (in effect as of May 1, 2009). The Committee determined the differences in the target award percentages primarily by considering internal factors, including pay equity with other executives, differences in responsibilities, significant promotions and future potential. The Committee also reviewed market data for each position to confirm that the bonus amounts payable upon achievement of target performance levels would result in total cash compensation (base salary plus bonus) that would be consistent with the ranges discussed above under “Total Pay.” The threshold award for each component is equal to 25% of the target award. The maximum award for each component is between 150% and 155% of the target award.

### *Incentive Plan*

The Incentive Plan rewards executives for the Company’s achievement of pre-established Company financial objectives. The Incentive Plan payout represents 60% of the executive’s total annual bonus opportunity under the combined Incentive Plan and Individual Plan.

In 2010, the Incentive Plan focused entirely on EPS performance. The Company places a heavy emphasis on EPS as a performance measure because EPS is an important indicator of Company profitability and aligns the interests of management with those of shareholders. For the purpose of the Incentive Plan, the Company uses EPS as reported under U.S. GAAP, as may be modified during the target-setting process (no such modifications were made for 2010) for items that are not expected to have a direct impact on the business going forward. For 2010, the Company established the EPS target primarily through an extensive annual budgeting process whereby each hotel, timeshare property and individual corporate unit developed and submitted a budget. The Company then developed a consolidated Company budget considering external market factors such as global and domestic economic forecasts and lodging industry outlook, as well as internal factors such as current revenue from group bookings, expected unit growth for the year, and expected capital needs. The budget was reviewed and approved by the Board in February 2010. Considering these factors, the Committee set the EPS target for 2010 at a level that the Committee believed was achievable but not certain to be met. For 2010, the Incentive Plan's EPS performance target was \$0.80.

For 2010, each NEO was eligible to receive a bonus based on the Company's achieved level of EPS performance, as follows:

<u>EPS Achievement vs. Target</u>	<u>Bonus Award</u>	<u>Payout as % of Target</u>
Below 89% . . . . .	No Bonus	0%
89% . . . . .	Threshold Bonus	25%
100% . . . . .	Target Bonus	100%
107% and Above . . . . .	Maximum Bonus	150 to 155%

If the achievement falls between two of the stated performance achievement levels, the bonus payment is interpolated between the corresponding bonus levels. The specific performance level percentages were set by the Committee in consultation with the Compensation Consultant based on competitive market data as well as the Committee's subjective judgment. For 2010, the Company's EPS as reported under GAAP was \$1.21, which was 152% of the target achievement level and which exceeded the maximum achievement level. Consequently for 2010, each of the NEOs received a maximum payout under the Incentive Plan for 2010.

*Individual Plan*

The Individual Plan emphasizes individual executive performance as well as measures of business/operating unit financial and operational performance such as revenue growth relating to newly developed rooms and customer, owner/franchisee and guest satisfaction. These performance factors are evaluated subjectively by the Committee and, like the EPS target, are intended to establish high standards consistent with the Company's quality goals, which are achievable but not certain to be met. The Company believes that these factors are critical to achieving success within the hospitality and service industry. The Individual Plan payout represents 40% of the executives' total annual bonus opportunity, and the weighting of each performance factor varies slightly among the NEOs by position due to differences in responsibility. The Committee assesses each individual's achievement of Individual Plan components and determines whether it is appropriate to pay out at or in between the threshold, target or maximum award levels or not to pay out at all under the Individual Plan.

The performance components for each NEO under the Individual Plan for 2010 were:

- Individual Achievement: Each year the Company sets specific management objectives for the NEOs. Each NEO has a different set of objectives that is aligned to his unique responsibilities

and role within the Company. The objectives are developed by Mr. Marriott and members of his executive team, and reviewed, modified as necessary and approved by the Committee (or the Board in the cases of Mr. Marriott's, Mr. Sorenson's and Mr. Shaw's management objectives). The management objectives generally are difficult to accomplish and are among the core duties of the positions. Examples of the types of management objectives are:

- Implement brand initiatives such as developing a new Residence Inn guestroom, Fairfield Inn Hotel prototype and a rewards program for The Ritz-Carlton;
- Maintain superior associate satisfaction levels;
- Continue development of a global organizational blueprint that positions the Company for future growth; and
- Promote lodging industry interests on public policy issues such as global tourism and immigration reform.

The Committee's evaluation of management objectives is a rigorous and largely subjective assessment of each NEO's qualitative performance. The management objectives are not assigned specific weightings and may be modified by the Committee if a change in business circumstances warrants. The actual payments relating to management objectives are determined by the Committee based on its subjective assessment of each NEO's job performance for the year. Maximum or above target payouts typically occur if the Committee views the NEO's overall performance to have been superior after its review of the achievement levels for each of the objectives. For each of the five years preceding 2010, the NEOs received award levels varying from zero (in 2009 when the Committee and Board decided not to pay the portion of annual bonuses relating to individual performance, notwithstanding strong individual performance) to a maximum payout for the individual achievement portion of the Individual Plan. For 2010, each NEO achieved key individual objectives, including operational objectives such as the brand initiatives identified above.

- **Room Growth:** Assessment of room growth was based on the number of rooms developed and a net present value estimate/calculation utilized by our management and Board in evaluating the potential performance of completed development projects. For 2010, the Company established the room growth target primarily through an extensive annual budgeting process whereby a budget was developed and submitted for each geographic region that was identified for potential growth. The Company's Lodging Development Department consolidated the individual budgets and considered external market factors such as global and domestic economic forecasts and lodging industry outlook, as well as miscellaneous internal factors such as existing development resources. The room growth target for 2010, as reviewed and approved by the Board in February 2010, was 23,800 rooms approved for development and \$300 million net present value. Achievement of 118% of the target results in a maximum component bonus payout; achievement of the target results in a threshold/target component bonus payout; and achievement of less than the target results in no component bonus payout. For 2010, the Company exceeded the maximum target for the number and net present value of rooms approved for development.
- **Owner/Franchisee Satisfaction:** Assessment of owner and franchisee overall satisfaction is based on the satisfaction survey results. The Company retains a third party to survey the owners and franchisees of our North American hotels on various aspects of their relationship with the Company. An overall relationship score of "unsatisfied" results in no component payout; a relationship score of "satisfied" results in a target component payout; and a

relationship score of “very satisfied” results in a maximum component bonus payout. For 2010, the survey results reflected that owners are “satisfied.” Consequently for 2010, each of the NEOs received a target payout for this bonus component.

- **Guest Satisfaction:** Guest satisfaction is assessed based on Company survey results for the year compared to pre-established goals. The Company retains a third party to conduct the survey. The guest satisfaction objective typically is set at a level that exceeds the prior year’s results. Disclosure of the target and results would reveal confidential information about the Company’s guest satisfaction strategies which would cause competitive or economic harm to the Company. The annual goals are difficult to accomplish and not certain to be met. Over the five years preceding 2010, the NEOs received no payout in one year, an above threshold but below target payout in one year and an above target but below maximum payout in three years. For 2010, each of the NEOs achieved guest satisfaction scores that correspond with an above threshold but below target bonus payout.

## Stock Awards

### *Annual Stock Awards*

The Company grants equity compensation awards to the NEOs under the Marriott International, Inc. Stock and Cash Incentive Plan (the “Stock Plan”) on an annual basis. With four-year vesting conditions and the opportunity for long-term capital appreciation, the annual stock awards help the Company achieve its objectives of attracting and retaining key executive talent, linking NEO pay to long-term Company performance and aligning the interests of NEOs with those of shareholders.

The NEOs’ stock awards for 2010 were granted on February 16, 2010, in an equal mix (based on grant date fair value) of RSUs and SARs. The Committee believes that awarding an equal mix of RSUs and SARs achieves a balance between the significant upside potential of SARs, which have an exercise price equal to the Company’s stock price at grant and are highly sensitive to stock price movements, and RSUs which increase or decrease in value in substantially the same manner as does Company stock held by shareholders and thereby encourage NEOs to focus on sustained stock price performance.

The Committee set the annual stock award values for 2010 by reference to the 50<sup>th</sup> percentile of the external market data (except the stock award for Mr. Shaw which was developed based on the Board’s consideration of internal pay equity and individual responsibility because no market data was available), as follows, subject to discretionary adjustments as explained earlier in the discussion of “Total Pay:”

	<u>50<sup>th</sup> Percentile Market Data</u>	<u>2010 Stock Award Values</u>
J.W. Marriott, Jr. . . . .	\$5,710,100	\$5,750,000
Arne M. Sorenson . . . . .	\$2,243,400	\$3,200,000
William J. Shaw . . . . .	\$ n/a	\$2,854,000
Robert J. McCarthy . . . . .	\$1,743,800	\$1,750,000
Carl T. Berquist . . . . .	\$1,357,800	\$1,500,000

The actual award values for 2010 are also reported in the Grants of Plan Based Awards for Fiscal 2010 Table below.

### Supplemental Stock Awards

Supplemental stock awards (typically RSUs) tend to be infrequent and are presented for approval at quarterly Board meetings in recognition of special performance, promotions, assumption of additional responsibilities, to retain key talent or as a sign-on employment inducement. None of the NEOs received a supplemental stock award in 2010.

### Realized Option Income

Similar to the historical analysis of how NEO annual bonuses vary with the Company's annual EPS results and thereby link pay with performance (described in the Executive Summary above), the proceeds recognized by the NEOs in 2010 from the exercise of options granted in prior years correspond to significant annual appreciation in the Company's stock value over the periods in which such stock awards were outstanding. For example, during the period of over 14 years since certain options were granted to him on November 2, 1995, and ending on the dates he exercised those options in 2010, Mr. Marriott realized approximately \$11.5 million in compensation, and shareholders realized an approximate 340% appreciation in the Company's stock value (or approximately 23% per year on average). The chart below displays the annual year-end intrinsic option value of these options and the corresponding shareholder return (stock appreciation and dividends).

Although not depicted in the table, other options exercised by Mr. Marriott during 2010 are listed in the Option Exercises and Stock Vested During Fiscal 2010 table, along with the corresponding shareholder return for the periods the options were outstanding. These and other options exercised by the NEOs in 2010 were held until the last year prior to their expiration. Long-term option holding has been a common practice for our NEOs in most years.

### Potential Shareholder Dilution

When the Committee establishes stock award values each year, it reviews the potential impact of such awards on share utilization and potential shareholder dilution. The Committee believes that while

stock awards are critical to aligning executives' interests with those of shareholders, particularly for NEOs, it is also important to manage the potential shareholder dilution that results from stock awards and from management incentive plans overall. Historically, prior to 2000, the Company granted stock options with a term of up to 15 years. These awards have tended to remain outstanding for many years as executives often have held the options for all or much of their term. Outstanding but unexercised options will continue to contribute to potential shareholder dilution until they are exercised or until they expire in 2014. In recent years, the Company has typically sought to align compensation with stock performance by offering SARs with a 10-year term and RSUs that vest over four years. The Committee believes that these types of stock awards appropriately balance the impact on annual share utilization and the goal of providing an appropriate incentive for executive performance and retention, and are consistent with market practice.

#### *Grant Timing and Pricing*

The Company typically grants annual stock awards in February each year on the second business day following the release of its prior fiscal year annual earnings. This timing is designed to avoid the possibility that the Company could grant stock awards prior to the release of material, non-public information that may result in an increase or decrease in its stock price. Similarly, supplemental stock awards may be granted throughout the year, but not during any period beginning at 5:00 p.m. on the last day of a fiscal quarter and ending at 5:00 p.m. on the day following the Company's earnings announcement for such quarter, or during any other black-out period.

Executives derive value from their options (granted prior to 2006) and stock-settled SARs based on the appreciation in the value of the underlying shares of Company stock. For purposes of measuring this appreciation, the Company sets the exercise or base price as the average of the high and low prices of the Company stock on the NYSE on the date the awards are granted. This average price valuation is common practice and offers no inherent pricing advantage to the executive or the Company.

### **Other Compensation**

#### *Perquisites*

The Company offers certain perquisites to its executives that make up a very small portion of total compensation for NEOs. One benefit that is consistent with practices within the hospitality industry is complimentary rooms, food and beverages at Company-owned, operated or franchised hotels and the use of hotel-related services such as Marriott-managed golf and spa facilities while on personal travel. These benefits are offered to encourage executive officers to visit and personally evaluate our properties. In addition, to enhance their efficiency and maximize the time that they can devote to Company business, NEOs are entitled to certain personal financial services and tax return assistance benefits, as well as the ability to use the company jet for personal travel in certain circumstances. The value of these benefits is included in the executives' wages for tax purposes, and the Company does not provide tax gross-ups to the executives with respect to these benefits.

#### *Other Benefits*

Executives also may participate in the same Company-wide plans and programs offered to all eligible employees. Some of these benefits are paid for by the executives such as 401(k) plan elective deferrals, vision coverage, long- and short-term disability, group life and accidental death and dismemberment insurance, and health care and dependent care spending accounts. Other benefits are paid for or subsidized by the Company such as the 401(k) Company match, certain group medical and dental benefits, \$50,000 free life insurance, business travel accident insurance and tuition reimbursement.

### *Nonqualified Deferred Compensation Plan*

In addition to a tax-qualified 401(k) plan, the Company offers the NEOs and other senior management the opportunity to supplement their retirement and other tax-deferred savings under the Marriott International, Inc. Executive Deferred Compensation Plan (“EDC”). The Committee believes that offering this plan to executives is critical to achieve the objectives of attracting and retaining talent, particularly because the Company does not offer a defined benefit pension plan.

Under the EDC, NEOs may defer payment and income taxation of a portion of their salary and bonus. The plan also provides participants the opportunity for long-term capital appreciation by crediting their accounts with notional earnings (at a fixed annual rate of return of 5.5% for 2010), which is explained in the discussion of Nonqualified Deferred Compensation for Fiscal Year 2010 below.

The Company also may make a discretionary matching contribution to the NEOs’ EDC accounts for each fiscal year. The basic match is designed to make up for the approximate amount of matching contributions that would have been made under the Company’s tax-qualified section 401(k) plan but for the application of certain nondiscrimination testing and annual compensation limitations under the internal revenue code. For 2010, the basic match for each NEO for 2010 will be 75% of the first 2% of eligible compensation (up to \$245,000) deferred by the NEO under the EDC for 2010. The Board has discretion to adjust the actual match allocation based on fiscal year financial results.

The Company also may make an additional discretionary contribution to the NEOs’ EDC accounts based on subjective factors such as individual performance, key contributions and retention needs. There were no additional discretionary contributions for the NEOs in 2010.

### *Change in Control*

The Company provides limited “double trigger” change in control benefits under the Stock Plan and the EDC. The Committee believes that, with these carefully structured benefits, the NEOs would be better able to perform their duties with respect to any potential proposed corporate transaction without the influence of or distraction by concerns about how their personal employment or financial status will be affected. In addition, the Committee believes that shareholder interests are protected and enhanced by providing greater certainty regarding executive pay obligations in the context of planning and negotiating any potential corporate transactions.

Under these arrangements, in the event that a NEO is terminated by the Company other than for the executive’s misconduct or the executive resigns for good reason (as defined under the Stock Plan) during the period beginning three months before and ending 12 months following a change in control (as defined under the Stock Plan) of the Company, the NEO will immediately vest in all unvested equity awards and EDC balances. In those circumstances, all options and SARs will be exercisable until the earlier of the original expiration date of the awards or twelve months (or in the case of an approved retiree, five years) following the termination of employment, and all other stock awards shall be immediately distributed following the later of the termination of employment or the change in control event. In addition, any cash incentive payments under the Incentive Plan and Individual Plan will be made immediately based on the target performance level, pro-rated based on the days worked during the year until the NEO’s date of termination in connection with or following a change in control.

The Company does not provide for tax gross-ups on these benefits, but instead limits the benefits to avoid adverse tax consequences to the Company. Specifically, each of these benefits is subject to a cut-back, so that the benefit will not be provided to the extent it would result in the loss of a tax deduction by the Company or imposition of excise taxes under the “golden parachute” excess parachute payment provisions of the Internal Revenue Code. The discussion of Payments Upon Termination or Change in Control below includes a table that reflects the year-end intrinsic value of unvested stock awards, unvested EDC accounts and cash incentive payments under the Incentive Plan that each NEO would receive due to an involuntary termination of employment in connection with a change in control.

### **Clawbacks**

In addition to the clawback provisions of the Sarbanes-Oxley Act that apply to the Chief Executive Officer and Chief Financial Officer, the Company’s Stock Plan includes a separate clawback provision that applies to all equity awards issued to all of the NEOs. Under the Stock Plan, the Company has the authority to limit or eliminate the ability of any executive to exercise options and SARs or to receive a distribution of Company stock under RSUs or other stock awards if the executive engages in criminal or tortious conduct that is injurious to the Company or engages in competition with the Company. The Company also is reviewing its executive compensation programs generally to comply with the new clawback requirements under the Dodd-Frank Wall Street Reform and Consumer Protection Act when they go into effect.

### **Compensation Consultant**

As noted above, the Committee selected and retained the Compensation Consultant to assist the Committee in establishing and implementing executive and director compensation strategy. The Compensation Consultant reports to and is instructed in its duties by the Committee and carries out its responsibilities in coordination with the Human Resources Department. Other than providing executive compensation survey data to the Company as described below, the Compensation Consultant performs no other services for the Company.

### **Market Data**

The external market data utilized by the Company for 2010 includes several broad, revenue-based surveys as well as a custom survey of companies specifically selected by the Committee. The Committee believes, based on the advice of the Compensation Consultant, that the companies participating in the revenue-based and custom surveys represent the broad pool of executive talent for which the Company competes.

In general, the revenue-based surveys used as a market reference for NEO pay include companies with median annual revenue ranging from \$10 billion to \$20 billion. For 2010, the surveys were the *CHiPS Executive & Senior Management Survey*, the *Hewitt Total Compensation Measurement: Executive Survey*, the *Towers Perrin CDB Executive Database*, and the *Fred Cook Survey of Long-Term Incentives*. The Committee did not consider the individual companies in the revenue-based surveys when making compensation decisions.

The custom survey consists of consumer product and service companies selected by the Committee on the basis of their similarity to the Company on a number of financial metrics and based on their shared emphasis on customer service and brand image. The metrics used for selecting the

custom survey companies for 2010 included annual revenue, annual net income, total assets, market capitalization, enterprise value and number of employees. Other factors considered were performance measures such as revenue growth, net income growth, EPS growth, return on equity and total shareholder return. The Committee does not apply specific weights to these factors. For 2010, the companies in the custom survey included:

American Express	General Mills	McDonalds	Wyndham
AMR	H.J. Heinz	Nordstrom	Yum! Brands
Colgate-Palmolive	J.C. Penney	Starwood Hotels & Resorts	
Darden Restaurants	Kellogg	Target	
FedEx	Kimberly-Clark	Walt Disney	

This list of custom survey companies remained unchanged from 2009 except that Anheuser-Busch was removed because it is no longer publicly traded and ceased to provide relevant survey information.

The Human Resources Department and the Compensation Consultant advised the Committee that the survey results for 2010 were an appropriate market data reference point.

### **Tax Considerations**

Internal Revenue Code Section 162(m) limits the Company's federal income tax deduction for compensation in excess of one million dollars paid to NEOs except for the Chief Financial Officer. However, performance-based compensation can be excluded from the limitation so long as it meets certain requirements. The Committee believes that compensation under the Incentive Plan as well as NEO pay attributable to the grants of SARs and options satisfy the requirements for exemption under Section 162(m).

RSUs vested in 2010 and compensation under the Individual Plan did not meet the requirements for exemption as performance-based compensation under Section 162(m). However, the Committee believes that the value of preserving the ability to structure compensation programs to meet a variety of corporate objectives, such as equity dilution management, workforce planning, customer satisfaction and other non-financial business requirements, justifies the cost of potentially being unable to deduct a portion of the executives' compensation.

- (1) This column reports all amounts earned as salary during the fiscal year, whether paid or deferred under certain Company employee benefit plans.
- (2) The value reported for Stock Awards and Option/SAR awards is the aggregate grant date fair value of the awards granted in the fiscal year as determined in accordance with accounting guidance for share-based payments, although the Company recognizes the value of the awards for financial reporting purposes over the service period of the awards. The assumptions for making the valuation determinations are set forth in the footnotes captioned "Share-Based Compensation" or "Employee Stock Plans" to our financial statements in each of the Company's Forms 10-K for fiscal years 2008 through 2010. For additional information on these awards, see the Grants of Plan-Based Awards for Fiscal 2010 table, below.
- (3) This column reports all amounts earned under the Company's Incentive Plan and Individual Plan during the fiscal year, whether paid or deferred under certain Company employee benefit plans.
- (4) The values reported equal the excess of the return on amounts credited to accounts in the EDC at the annually designated rate of return over 120% of the applicable federal long-term rate, as discussed below under "Nonqualified Deferred Compensation for Fiscal year 2010."
- (5) All Other Compensation consists of the following:
  - Company contributions to the Company's qualified 401(k) plan
  - Company contributions to the Company's non-qualified Executive Deferred Compensation Plan
  - Perquisites and personal benefits including:
    - Personal financial services
    - Tax return preparation and advisory services
    - Personal use of the Company jet
    - Rooms, food and beverages at Company-owned, operated or franchised hotels while on personal travel and use of other hotel-related services such as golf and spa facilities at Company-managed properties

The values in this column do not include perquisites and personal benefits that were less than \$10,000 in aggregate for each NEO for the fiscal year. The following table identifies the total amount the Company contributed to each NEO's qualified 401(k) plan and non-qualified EDC for fiscal year 2010. It also specifies values for perquisites and personal benefits for each NEO that comprise more than the greater of 10% of his aggregate perquisites or personal benefits or \$25,000.

<u>Name</u>	<u>Company Contributions to the 401(k) Plan (\$)</u>	<u>Company Contributions to the Executive Deferred Compensation Plan (\$)</u>	<u>Personal Use of the Company Jet (\$)</u>	<u>Executive Life Insurance (\$)</u>	<u>Personal Financial Services (\$)</u>	<u>Other (\$)</u>
Mr. Marriott .....	8,905	1,837	107,778	133,984	96,500	—
Mr. Sorenson .....	8,905	3,675	—	—	—	21,767
Mr. Shaw .....	8,905	3,675	—	—	—	—
Mr. McCarthy .....	8,905	3,675	—	—	—	—
Mr. Berquist .....	8,905	3,675	—	—	—	—

The value of the personal use of the Company jet is the sum of:

- allocable flight-specific costs of the personal flights (including, where applicable, return flights with no passengers) such as landing fees, crew costs and other related items, and
- the product of (i) all other costs of maintaining and flying the jet for the billable year other than certain fixed expenses such as pilot compensation, management fee and hangar rental costs, multiplied by (ii) a fraction the numerator of which is the individual's personal flight hours on the jet for the billable year and the denominator of which is the total flight hours of the jet for the billable year.

Although amounts are reported for aircraft use during the Company's fiscal year, incremental cost is calculated on the basis of a December 1 through November 30 billable year, which reflects the contract service period used for billing by a third-party aircraft management company.

The value reported as executive life insurance for Mr. Marriott is the economic benefit (equal to the increase in cash surrender value for 2010) from certain life insurance policies held by a trust for the benefit of the Marriott family to which the Company contributed premiums from 1996 through 2002. The value reported as personal financial services for Mr. Marriott is the pro rata cost for compensation of the Company employee who delivered the financial services.

### *Cash Compensation*

The Non-Equity Incentive Plan Compensation column reports all amounts earned under the Company's Incentive Plan and Individual Plan, which were paid in February 2011.

### *Equity Compensation*

As explained in the Compensation Discussion and Analysis, annual stock awards for NEOs were granted in an equal mix (based on grant date fair value, rounded to a whole share amount) of RSUs and SARs.

### Deferred Compensation

Elective deferrals for salary and non-equity incentive compensation under the Company's Executive Deferred Compensation Plan are included in the Summary Compensation Table above in the columns that are associated with the type of compensation (i.e., Salary or Non-Equity Incentive Plan Compensation) that is deferred. Elective deferrals and Company matching contributions also are separately disclosed in the Nonqualified Deferred Compensation table below.

- (1) "Grant Date" applies to equity awards reported in the All Other Stock Awards and All Other Option/SAR Awards columns. The Board approved the annual stock awards at its February 3, 2010 meeting. Pursuant to the Company's equity compensation grant procedures described in the Compensation Discussion and Analysis, the grant date of these awards was February 16, 2010, the second trading day following the release of the Company's 2009 earnings.
- (2) The amounts reported in these columns include potential payouts corresponding to the achievement of the threshold, target and maximum performance objectives under the Company's annual cash incentive plans.
- (3) This column represents the final closing price of the Company's Class A common stock on the NYSE on the date of grant. However, pursuant to the Company's equity compensation grant procedures, the awards were granted with an exercise or base price equal to the average of the high and low stock price of the Company's Class A common stock on the NYSE on the date of grant.
- (4) The value reported for Stock Awards and Option/SAR awards is the aggregate grant date fair value of the awards granted in 2010 as determined in accordance with accounting standards for share-based payments, although the Company recognizes the value of the awards for financial reporting purposes over the service period of the awards. The assumptions for making the valuation determinations are set forth in the footnotes captioned "Share-Based Compensation" or "Employee Stock Plans" to our financial statements in each of the Company's Forms 10-K for the fiscal years 2008 through 2010.

The Grants of Plan-Based Awards table reports the dollar value of cash-based annual incentive plan awards (at their threshold, target and maximum achievement levels) and the number and grant date fair value of RSUs and SARs granted under the Stock Plan to each NEO during the 2010 fiscal year. With regard to cash incentives, this table reports the range of potential amounts that could have been earned by the executive under the Incentive Plan and the Individual Plan for 2010, whereas the Non-Equity Incentive Plan Compensation column in the Summary Compensation Table reports the actual value earned by the executive for 2010 under both plans.

Annual SAR and RSU grants under the Stock Plan typically vest 25% on each of the first four anniversaries of their grant date, contingent on continued employment with the Company. Even when vested, an executive may

lose the right to exercise or receive a distribution of any outstanding stock awards if the executive terminates employment due to serious misconduct as defined in the Stock Plan, or if the Committee determines that the executive has engaged in competition with the Company or has engaged in criminal conduct or other behavior that is actually or potentially harmful to the Company. In addition, under the terms of their RSU awards, NEOs do not receive an accelerated distribution of shares upon retirement from the Company, but must continue to wait for the scheduled distribution dates following retirement specified in their awards. The Company believes that these provisions serve its objectives of retention and aligning the executives' long-term interests to those of the Company. These awards do not offer dividend or voting rights until they vest (in the case of RSUs) or are exercised (in the case of SARs) and shares are issued to the grantee.

### Outstanding Equity Awards at 2010 Fiscal Year-End

The following table shows information about outstanding options, SARs and restricted stock ("RS"), RSU and deferred stock bonus ("DSB") awards at December 31, 2010, our fiscal year-end. The Intrinsic Value and Market Value are based on the closing price of the Company's Class A common stock on the NYSE on December 31, 2010, the last trading day of the fiscal year, which was \$41.54.

The Outstanding Equity Awards at 2010 Fiscal Year-End table reflects the potential value, based on the Company's year-end stock price of \$41.54, of all outstanding unvested or vested but unexercised equity awards held by the NEOs as of the last day of the fiscal year. SARs and RSUs are described above. The following describes the options, RS, and DSB awards:

- Options** Option awards were last granted to NEOs in 2005. Executives derive value from their options based on the appreciation in the value of the underlying shares of Company stock from the grant date until exercise. Options vest over four annual installments.
- RS** RS awards were last granted in 2003. RS awards were grants of stock that were subject to general restrictions such as continued employment and non-competition. Holders of RS awards receive dividends and may exercise voting rights on their restricted shares. Shares are released from restrictions over a 5-, 8- or 10-year period.
- DSB** DSBs were last granted in 2001. There are two types of DSBs: (1) a current award, which is distributed in ten annual installments beginning one year after the award is granted, or (2) a deferred award, which is distributed in one or up to ten annual installments beginning the January following termination of employment. Both types of DSBs contingently vest in ten equal annual installments beginning one year after the award was made.

- (1) The amounts in this column consist of elective deferrals by the NEOs of salary for the 2010 fiscal year under the EDC. All of these amounts are attributable to 2010 salary that is reported in the Summary Compensation Table.
- (2) The amounts in this column reflect aggregate notional earnings during 2010 of each NEO's account in the EDC. Such earnings are reported in the Summary Compensation Table only to the extent that they were credited at a rate of interest in excess of 120% of the applicable federal long-term rate. The following table indicates the portion of each executive's aggregate earnings during 2010 that is reported in the Summary Compensation Table.

<u>Name</u>	<u>Amounts Included in the Summary Compensation Table for 2010 (\$)</u>

Mr. Berquist . . . . .	9,641

- (3) This column includes amounts in each NEO's total EDC account balance as of the last day of the 2010 fiscal year. The following table reports the portion of the Aggregate Balance that was reported as compensation in the Summary Compensation Table in each of the Company's prior-year proxy statements since we became a public company on March 27, 1998.

<u>Name</u>	<u>Amounts that were reported as compensation in prior year proxy statements (\$)</u>
Mr. Marriott . . . . .	11,674,856
Mr. Sorenson . . . . .	1,424,821

Mr. McCarthy . . . . .	2,028,691
Mr. Berquist . . . . .	2,423

Under the EDC, participants are eligible to defer the receipt of up to 80% of their salary, bonus, non-equity incentive plan compensation and/or commissions. Such amounts are immediately vested. In addition, the NEOs may receive a discretionary match which, for years commencing with 2009, is vested when made. A discretionary match made for any year prior to 2009 vests 25% per year for each year that the executive remains employed by the Company following the date the Company match is allocated to the executive's plan account, or if sooner, in full upon approved retirement, death or disability. For 2010, no discretionary match was offered. In addition, no additional discretionary Company contribution was made for 2010.

For 2010, the Company credited participant plan accounts with a rate of return determined by the Company. The rate of return was determined largely based on the Company's estimated long-term cost of borrowing and was set at 5.5% for 2010. To the extent that this rate exceeds 120% of the applicable federal long-term rate, the excess is reported in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column of the Summary Compensation Table.

Executives may receive a distribution of the vested portion of their EDC accounts upon termination of employment (including retirement or disability) or, in the case of deferrals by the executive (and related earnings), upon a specified future date while still employed (an “*in-service distribution*”), as elected by the executive. Each year’s deferrals may have a separate distribution election. Distributions payable upon termination of employment may be elected as (i) a lump sum cash payment; (ii) a series of annual cash installments payable over a designated term not to exceed twenty years; or (iii) five annual cash payments beginning on the sixth January following termination of employment. In-service distributions may be elected by the executive as a single lump sum cash payment or annual cash payments over a term of one to five years, in either case beginning not earlier than the third calendar year following the calendar year of the deferral. However, in the case of amounts of \$10,000 or less, or when no election regarding the form of distribution is made, the distribution will be made in a lump sum. When the executive is a “key employee” for purposes of Section 409A of the Internal Revenue Code, any distribution payable on account of termination of employment will not occur until after six months following termination of employment. Typically, the NEOs are key employees.

### **Potential Payments Upon Termination or Change in Control**

The Company does not have employment agreements or severance agreements with any of the NEOs.

Upon retirement or permanent disability (as defined in the pertinent plan), a NEO may continue to vest in and receive distributions under outstanding stock awards (with the exception of certain supplemental RSU awards granted after 2005) for the remainder of their vesting period; may exercise options and SARs for up to five years in accordance with the awards’ original terms; and immediately vests in the unvested portion of his EDC account. However, annual stock awards granted after 2005 provide that if the executive retires within one year after the grant date, the executive forfeits a portion of the stock award proportional to the number of days remaining within that one-year period. For these purposes, retirement means a termination of employment with retirement approval of the Committee by an executive who has attained age 55 with 10 years of service with the Company, or, for the EDC and for Stock Plan annual stock awards granted before 2006, has attained 20 years of service with the Company. In all cases, however, the Committee or its designee has the authority to revoke approved retiree status if an executive terminates employment for serious misconduct or is subsequently found to have engaged in competition with the Company or engaged in criminal conduct or other behavior that is actually or potentially harmful to the Company. A NEO who dies as an employee or approved retiree immediately vests in his EDC account, options/SARs and other stock awards. These provisions were developed based on an analysis of external market data. As of January 1, 2010, J.W. Marriott, Jr., William J. Shaw, and Robert J. McCarthy met the age and service conditions for retirement eligibility. Arne M. Sorenson and Carl T. Berquist would meet such conditions if they remain employed until October 13, 2013 and December 2, 2012, respectively.

Under the Stock Plan, in the event of certain transactions involving a capital restructuring, reorganization or liquidation of the Company or similar event as defined in the plan, the Company or its successor may in its discretion provide substitute equity awards under the Stock Plan or, if in the event no similar equity awards are available, an equivalent value as determined at that time will be credited to each NEO’s account in the EDC, provided that such action does not enlarge or diminish the value and rights under the awards. If the Company or its successor does not substitute equity awards or credit the EDC accounts, the Company or its successor will provide for the awards to be exercised,

distributed, canceled or exchanged for value. The intrinsic values of the vested and unvested options/SARs and unvested stock awards as of the last day of the fiscal year are indicated for each NEO in the Outstanding Equity Awards at 2010 Fiscal Year-End table.

In addition, in the event that any NEO's employment is terminated by the Company other than for the executive's misconduct or the executive resigns for good reason (as defined under the Stock Plan) beginning three months before and ending twelve months following a change in control of the Company, the NEO will become fully vested in all unvested equity awards under the Stock Plan and unvested balances in the EDC. In those circumstances, all options and SARs will be exercisable until the earlier of the original expiration date of the awards or 12 months (or five years for an approved retiree) following the termination of employment, and all other stock awards shall be immediately distributed following the later of the termination of employment or the change in control event. In addition, any cash incentive payments under the Incentive Plan and Individual Plan will be made immediately based on the target performance level, pro-rated based on the days worked during the year until the NEO's termination of employment. The Company does not provide any tax gross-ups on these benefits, but instead limits the benefits to avoid adverse tax consequences to the Company. Specifically, each of these benefits is subject to a cut-back, so that the benefit will not be provided to the extent it would result in the loss of a deduction or imposition of excise taxes under the "golden parachute" excess parachute payment provisions of the Internal Revenue Code.

The table below reflects the intrinsic value of unvested stock awards, unvested EDC accounts and incentive payments under the Incentive Plan and Individual Plan that each NEO would receive upon retirement, disability, death, or involuntary termination of employment in connection with a change in control as of December 31, 2010 (based on the Company's fiscal year-end closing stock price of \$41.54).

The benefits reported in the table above are in addition to benefits available prior to the occurrence of any termination of employment, including benefits available under then-exercisable SARs and options and vested EDC balances, and benefits available generally to salaried employees such as benefits under the Company's 401(k) plan, group medical and dental plans, life and accidental death insurance plans, disability programs, health and dependent care spending accounts, and accrued

paid time off. The actual amounts that would be paid upon a NEO's termination of employment can be determined only at the time of any such event. Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed above, any actual amounts paid or distributed may be higher or lower than reported above. Factors that could affect these amounts include the timing during the year of any such event, the Company's stock price and the executive's age. In addition, in connection with any actual termination of employment or change in control transaction, the Company may determine to enter into an agreement or to establish an arrangement providing additional benefits or amounts, or altering the terms of benefits described above, as the Committee determines appropriate.

### Director Compensation

For 2010, non-employee directors received compensation in the form of meeting attendance fees and annual cash retainer fees, as well as annual Non-Employee Director Share Awards under the Stock Plan, as follows:

<u>Type of Fee</u>	<u>Amount of Fee (\$)</u>
Board Retainer Fee .....	60,000
Vice Chairman Fee(1) .....	75,000
Share Award .....	110,000
Vice Chairman Share Award(1) .....	137,500
Audit Committee Chair Fee .....	20,000
Non-Audit Committee Chair Fee .....	10,000
Meeting Fee (per meeting) .....	1,250
Vice Chairman Meeting Fee (per meeting)(1) .....	1,563

(1) The Vice Chairman of the Board receives these fees instead of the other Board fees.

The Vice Chairman of the Board receives fees and stock awards at 125% of the amount of the other directors. The chairs of each Committee of the Board receive an additional retainer fee to compensate for the responsibilities of those positions.

In May 2010, the Committee conducted its annual review of Board compensation and recommended, and the Board approved, an increase in the value of the annual Non-Employee Director Share Awards from \$80,000 to \$110,000 to be awarded to each non-employee director under the Stock Plan. The Vice Chairman of the Board will continue to receive fees and stock awards at 125% of the amount of the other directors.

Attendance and retainer fees are paid on a quarterly basis. However, in accordance with established Company procedures, a director may elect to defer payment of all or a portion of his or her director fees pursuant to the EDC and/or the Stock Plan. As elected by the director, fees that are deferred pursuant to the Stock Plan are credited to the director's stock unit account in that plan or in the case of the annual retainers are replaced with Director SARs having equivalent grant-date value. Director SARs are granted at fair market value, have a 10-year term, and are immediately vested but cannot be exercised until one year following grant. As elected by the director, retainer and meeting fees that are credited to the director's stock unit account may be distributed in a lump sum or in one to 10 annual installments following termination of service as a Board member. Retainer and meeting fees that are deferred to the director's stock unit account accrue dividend equivalents but do not provide voting rights until the stock is distributed.

The Company grants the Non-Employee Director Share Awards following the Company's annual meeting of shareholders. A Director Share Award is a grant of stock that the director may choose to

have distributed in a lump sum on the one-year anniversary of the grant or in a lump sum or one to ten annual installments following termination of service as a Board member. Elections are made in the year prior to grant of the award. The annual Non-Employee Director Share Awards neither accrue dividend equivalents nor provide voting rights until the stock is distributed. The pricing practices for executive stock awards discussed in the Compensation Discussion and Analysis above are followed for director stock awards.

The Company reimburses directors for travel expenses, other out-of-pocket costs they incur when attending meetings and, for one meeting per year, attendance by spouses. To encourage our directors to visit and personally evaluate our properties, the directors also receive complimentary rooms, food and beverages at Company-owned, operated or franchised hotels, as well as the use of hotel-related services such as Marriott-managed golf and spa facilities, when on personal travel. The value of these benefits is reported to the directors as taxable compensation.

The Board of Directors believes that stock ownership by non-employee directors is essential for aligning their interests with those of shareholders. To emphasize this principle, the Committee requires that non-employee directors own Company stock or stock units valued at three times the combined directors' annual cash and stock retainers, or roughly eight times the annual cash retainer. All non-employee directors who have served as directors of the Company for five years or more have met this goal.

### Director Compensation for Fiscal Year 2010

The following Director Compensation Table shows the compensation we paid in 2010 to our non-employee directors. As officers, J.W. Marriott, Jr. and William J. Shaw are not paid for their service as directors.

Name	Fees Earned or Paid in Cash (\$)(1)	Stock Awards (\$)(2)(3)	All Other Compensation (\$)(4)	Total (\$)
Mary Bush	81,250	110,023	—	191,273

Debra L. Lee	83,750	110,023	18,179	211,952

Harry J. Pearce	76,250	110,023	—	186,273
Steven S Reinemund	86,250	110,023	—	196,273

Lawrence M. Small	77,500	110,023	13,323	200,847

(1) This column includes any cash retainer and meeting fee amounts that the directors elected to be deferred to their stock unit accounts in the Stock Plan, annual cash retainers that the directors elected to receive as Director SARs, and fees that were deferred pursuant to the EDC as follows:

Name	Fees Credited to Stock Unit Account in the Stock Plan (\$)	Fees Elected as a Director SAR Award (\$)	Fees Deferred Pursuant to the EDC (\$)
Ms. Lee	—	—	5,025
Mr. Muñoz	75,200	—	6,000
Mr. Pearce	71,675	—	4,575
Mr. Reinemund	—	—	1,625
Mr. Small	3,525	18,800	1,425

Because cash retainers and meeting fees otherwise are paid quarterly, fees were credited to the directors' stock unit accounts in the Stock Plan on April 9, 2010, July 9, 2010, October 11, 2010, and January 10, 2011. The number of shares

credited to each director's stock unit account was determined by dividing the dollar amount that the director elected to defer by the average of the high and low trading prices of the Company's Class A common stock on the respective credit dates, which were \$32.84, \$30.99, \$35.81, and \$40.43, respectively. In addition, the value reported for Mr. Small includes four months of annual cash retainers that he elected to receive as Director SARs, which were granted in May 2009.

- (2) In 2010, each non-employee director was granted a Director Share Award on May 10, 2010, for 3,101 shares, except that the Vice Chairman of the Board received 3,876 shares. In accordance with the Company's equity compensation grant procedures, the awards were determined by dividing the value of the Director Share Award by the average of the high and low prices of a share of the Company's Class A common stock on the date the awards were granted, which was \$35.48 per share. The amounts reported in the "Stock Awards" column reflect the grant-date fair value of the award, determined in accordance with accounting guidance for share-based payments.
- (3) The following table indicates the number of outstanding Director Options ("Options"), Director SARs ("SARs"), shares credited to directors' stock unit accounts in the Stock Plan and Non-Employee Director Share Awards (together, "DS"), as well as RSU and DSB awards held by each director at the end of 2010.

## STOCK OWNERSHIP

### Stock Ownership of our Directors, Executive Officers and Certain Beneficial Owners

The table below sets forth the beneficial ownership of Class A common stock by our directors, director nominees and executive officers as of January 31, 2011 (unless otherwise noted), as well as additional information about beneficial owners of 5 percent or more of the Company's Class A common stock. Ownership consists of sole voting and sole investment power, except as indicated in the notes below, and except for shares registered in the name of children sharing the same household or subject to any community property laws. Unless otherwise noted, the address for all greater than five percent beneficial owners is Marriott International, Inc., 10400 Fernwood Road, Bethesda, Maryland 20817.

**Note on Various Marriott Family Holdings:** SEC rules require reporting of beneficial ownership of certain shares by multiple parties, resulting in multiple counting of some shares. After eliminating double-counting of shares beneficially owned, J.W. Marriott, Jr. and John W. Marriott III together have an aggregate beneficial ownership of 14.5% of Marriott's outstanding shares. The aggregate total beneficial ownership of J.W. Marriott, Jr., John W. Marriott III, and each of the "Other 5% Beneficial Owners" shown below, except for T. Rowe Price Associates, Inc., is 22% of outstanding shares after removing the shares counted multiple times. These individuals and entities each disclaim beneficial ownership over shares owned by other members of the Marriott family and the entities named below except as specifically disclosed in the footnotes following the table below.

## Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the “*Exchange Act*”), requires the Company’s directors and executive officers and persons who own more than 10% of a registered class of the Company’s equity securities (the “*Reporting Persons*”) to file with the SEC and the NYSE reports on Forms 3, 4 and 5 concerning their ownership of and transactions in the common stock and other equity securities of the Company, generally within two business days of a reportable transaction. As a practical matter, the Company seeks to assist its directors and executives by monitoring transactions and completing and filing reports on their behalf.

Based solely upon a review of SEC filings furnished to the Company and written representations that no other reports were required, we believe that all Reporting Persons complied with these reporting requirements during fiscal 2010 except for (i) a Form 5 filed late by J.W. Marriott, Jr. to report a gift, and (ii) amended Form 4s filed to report an RSU grant to each of Carl T. Berquist, Anthony G. Capuano, Simon F. Cooper, Edwin D. Fuller, Deborah M. Harrison, Ronald T. Harrison, J.W. Marriott, Jr., John W. Marriott III, David S. Marriott, Stephen G. Marriott, Robert J. McCarthy, Amy C. McPherson, David A. Rodriguez, Edward A. Ryan, William J. Shaw, Arne M. Sorenson and Steven P. Weisz. Each untimely report was due to an administrative error.

Our subsidiaries operate each of these properties pursuant to management agreements with entities controlled by Family Enterprises, and provide procurement and/or renovation services for some of these properties pursuant to contracts entered into with the ownership entities. We expect such arrangements to continue in 2011. In fiscal 2010, we received management fees of approximately \$7.5 million plus reimbursement of certain expenses, and procurement and renovation services fees of approximately \$837,803 from our operation of and provision of services for these hotels. The Company has no financial involvement in either the hotels listed above beyond the foregoing roles or in Family Enterprises.

Our Company was founded by J.W. Marriott, Jr.'s father, and the Board believes that the involvement of a number of Marriott family members in responsible positions of the Company makes a significant long-term contribution to the value of our corporate name and identity and to the maintenance of Marriott's reputation for providing quality products and services. In addition to J.W. Marriott, Jr.'s service as Chairman and Chief Executive Officer and John W. Marriott III's service as Vice Chairman of the Board, the Company employs a number of members of the Marriott family in management positions, including J.W. Marriott, Jr.'s children Stephen G. Marriott, David S. Marriott, and Deborah M. Harrison, and his son-in-law (and Mrs. Harrison's husband) Ronald T. Harrison. The Company also employs family members of other executive officers (under SEC rules, family members include children, stepchildren, parents, stepparents, spouses, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, brothers- and sisters-in-law and other persons sharing the household with a director or executive officer, other than as a tenant or employee). The compensation levels of family members of our directors and executive officers are set based on reference to external market practice of similar positions and/or internal pay equity when compared to the compensation paid to non-family members in similar positions. Employed family members with total compensation for 2010 in excess of \$120,000, which includes base salary, bonus, the value of stock-based awards, and other compensation, are shown in the table below.

J.W. Marriott, Jr. reimbursed the Company for the cost of non-business related services provided by Company employees in the amount of \$261,928 for 2010.

**Policy on Transactions and Arrangements with Related Persons**

The Company has adopted a written policy for approval of transactions and arrangements between the Company and the Company's current and recent former directors, director nominees, current and

recent former executive officers, greater than five percent shareholders, and their immediate family members where the amount involved exceeds \$120,000. Each of the related person transactions described above is subject to, and has been approved or ratified under, this policy.

The policy provides that the Nominating and Corporate Governance Committee reviews certain transactions subject to the policy and determines whether or not to approve or ratify those transactions. In doing so, the committee takes into account, among other things, whether the transaction is on terms that are no less favorable to the Company than terms generally available to an unaffiliated third-party under similar circumstances and the materiality of the related person's interest in the transaction. The policy also provides that the Company's Corporate Growth Committee, an internal management committee whose members include the Company's President and Chief Operating Officer, Chief Financial Officer, Executive Vice President and General Counsel, and other executive officers responsible for lodging development, lodging operations and timeshare, reviews all such transactions that involve the management, operation, ownership, purchase, sale, or lease of a hotel, timeshare property, land and/or improvements.

The Nominating and Corporate Governance Committee and the Corporate Growth Committee have considered and adopted standing pre-approvals under the policy for certain limited transactions with related persons that meet specific criteria. Information on transactions subject to pre-approval is provided to the appropriate committee at its next regularly scheduled meeting. Pre-approved transactions are limited to:

- certain lodging transactions with specified maximum dollar thresholds where the Corporate Growth Committee has both approved the transaction and determined that its terms are no less favorable to the Company than those of similar contemporaneous transactions with unrelated third parties and, in some cases, where the transaction is the result of an open auction process involving at least three unrelated third party bidders;
- certain other lodging transactions with specified maximum dollar thresholds that are consistent with general terms and conditions that the Nominating and Corporate Governance Committee has previously approved;
- ordinary course sales of timeshare, fractional or similar ownership interests at prices that are no lower than those available under Company-wide employee discount programs;
- employment and compensation relationships that are subject to Compensation Policy Committee or other specified internal management approvals and which, in the case of executive officers, are subject to required proxy statement disclosure;
- certain transactions with other companies and certain charitable contributions that satisfy the independence criteria under both the Company's Corporate Governance Policies and the NYSE corporate governance listing standards; and
- non-lodging transactions involving less than \$500,000 that are approved by at least two members of the Corporate Growth Committee for whom the transactions pose no conflict of interest.

## HOUSEHOLDING

The SEC allows us to deliver a single proxy statement and annual report to an address shared by two or more of our shareholders. This delivery method, referred to as “householding,” can result in significant cost savings for us. In order to take advantage of this opportunity, the Company and banks and brokerage firms that hold your shares have delivered only one proxy statement and annual report to multiple shareholders who share an address unless one or more of the shareholders has provided contrary instructions. The Company will deliver promptly, upon written or oral request, a separate copy of the proxy statement and annual report to a shareholder at a shared address to which a single copy of the documents was delivered. A shareholder who wishes to receive a separate copy of the proxy statement and annual report, now or in the future, may obtain one, without charge, by addressing a request to the Corporate Secretary, Marriott International, Inc., Dept. 52/862, 10400 Fernwood Road, Bethesda, Maryland 20817 or by calling (301) 380-6601. You may also obtain a copy of the proxy statement and annual report from the Company’s website ([www.marriott.com/investor](http://www.marriott.com/investor)) by clicking on “SEC Filings.” Shareholders of record sharing an address who are receiving multiple copies of proxy materials and annual reports and wish to receive a single copy of such materials in the future should submit their request by contacting us in the same manner. If you are the beneficial owner, but not the record holder, of the Company’s shares and wish to receive only one copy of the proxy statement and annual report in the future, you will need to contact your broker, bank or other nominee to request that only a single copy of each document be mailed to all shareholders at the shared address in the future.

## OTHER MATTERS

The Company’s management knows of no other matters that may be presented for consideration at the 2011 annual meeting. However, if any other matters properly come before the annual meeting, the persons named in the proxy intend to vote such proxy in accordance with their judgment on such matters.

**Any shareholder who would like a copy of our 2010 Annual Report on Form 10-K may obtain one, without charge, by addressing a request to the Corporate Secretary, Marriott International, Inc., Dept. 52/862, 10400 Fernwood Road, Bethesda, Maryland 20817. The Company’s copying costs will be charged if copies of exhibits to the Form 10-K are requested. You may also obtain a copy of the Form 10-K, including exhibits, from the investor relations portion of our website ([www.marriott.com/investor](http://www.marriott.com/investor)) by clicking on “SEC Filings.”**
