(With Independent Auditors' Report Thereon)

Independent Auditors' Report

The Profit Sharing Committee and Participants  
Marriott International, Inc. Employees' Profit Sharing, Retirement and  
Savings Plan and Trust:

We have audited the accompanying statements of net assets available for benefits of Marriott International, Inc. Employees' Profit Sharing, Retirement and Savings Plan and Trust (the Plan) as of December 28, 2001 and December 29, 2000, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Marriott International, Inc. Employees' Profit Sharing, Retirement and Savings Plan and Trust as of December 28, 2001 and December 29, 2000, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules as of and for the plan year ended December 28, 2001, of Assets Held at End of Year (schedule I), and Assets Held for Investment Purposes Which Were Both Acquired and Disposed of Within the Plan Year (schedule II) are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MARRIOTT INTERNATIONAL, INC. EMPLOYEES' PROFIT SHARING,  
RETIREMENT AND SAVINGS PLAN AND TRUST

Notes to Financial Statements

December 28, 2001 and December 29, 2000

(1) Description of Plan

The following description of the Marriott International, Inc. (the Company) Employees' Profit Sharing, Retirement and Savings Plan and Trust (the Plan), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

During 1999, the Plan was amended to allow for a leveraged employee stock ownership plan feature (ESOP) to fund certain employer contributions to the Plan. During the second quarter of 2000, the ESOP, at the direction of an independent fiduciary, borrowed \$1 billion dollars from the Company to acquire 100,000 shares of special-purpose Marriott International, Inc. ESOP Convertible Preferred Stock (ESOP Convertible Preferred Stock). The ESOP Convertible Preferred Stock has a stated value and a liquidation preference of \$10,000 per share, pays a quarterly dividend of 1% of the stated value, and is convertible into the Company's Class A Common Stock at any time based on the amount of contributions the Company has made to the ESOP and the market price of the Company's Class A Common Stock on the conversion date, subject to certain caps and a floor price. The shares of ESOP Convertible Preferred Stock are pledged as collateral for the repayment of the ESOP's note, and those shares are released from the pledge as principal on the note is repaid. Shares of ESOP Convertible Preferred Stock released from the pledge are either converted to the Company's Class A Common Stock or are redeemed for cash based on the value of the Class A Common Stock into which those shares may be converted for allocation to participants' accounts. Principal and interest on the ESOP's note are expected to be forgiven periodically to release shares of ESOP Convertible Preferred Stock with a value sufficient to fund certain employer contributions to the Plan.

(a) General

The Plan is a defined contribution plan covering certain employees of the Company who are at least 21 years of age and have completed at least one year of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan year is the same as the fiscal year of the Company.

(b) Contributions

Each pay period, participants may contribute up to 15% or a fixed dollar amount (minimum of \$3 per week) of compensation. The Company's contribution to the Plan has changed for the 2001 plan year from a discretionary amount determined by the Company's board of directors for the 2000 plan year, to a fixed match of 100% on the first 3% of annual contributions, and 50% on the next 3% of annual contributions. In general, Company contributions are allocated among active participants' accounts after the close of the Plan year, in proportion to each participant's basic savings during the year. For the 2000 plan year, basic savings represent up to the first 6% of a participant's compensation contributed each pay period to the Plan. For the 2001 plan year, basic savings represent up to the first 6% of a participant's annual compensation. Contributions are subject to certain limitations.

(c) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Forfeitures of terminated participants' nonvested accounts are to be used to

MARRIOTT INTERNATIONAL, INC. EMPLOYEES' PROFIT SHARING,  
RETIREMENT AND SAVINGS PLAN AND TRUST

Notes to Financial Statements

December 28, 2001 and December 29, 2000

pay administrative expenses. Allocations of the Company's contribution are based on participant contributions, as defined above. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Based on the change in Company contributions for 2001 Plan year, participants are immediately 100% vested in 2001 Company contributions and earnings thereon. However, vesting in the Company contribution prior to 2001 and earnings thereon is based on years of service. For Company contributions attributable to the Plan year ended December 29, 2000, the Company contribution vests 20% per year of service, becoming 100% vested after 5 years of service. All participants become fully vested upon divestiture of unit (place of work), death, termination of employment due to permanent disability, or attainment of age 55 for salaried participants or age 45 for most hourly participants.

(e) Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 (or \$400 prior to July 1, 2000) up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes fund. Loan terms range from 1 to 4 years or up to 10 years for the purchase of a primary residence. The loans are collateralized by the vested balance in the participant's account and bear interest at the prime rate published by the Wall Street Journal plus 100 basis points. Interest rates range from 7% to 10.50%. Principal and interest are paid ratably through weekly or biweekly after-tax payroll deductions. Participants are limited to one outstanding loan. As of December 28, 2001, participant notes receivable totaled \$37,109,761, and is recorded in investments, at fair value or contract value on the Statement of Net Assets Available for Benefits.

(f) Payment of Benefits

For distributions which began before July 31, 2001, on termination of service, a participant with a vested account balance greater than \$5,000 may elect to receive either a lump-sum amount or installment payments equal to the value of the participant's vested interest in his or her account, or have the Plan purchase an annuity contract from a commercial insurance company for payment for a term certain or life. For distributions that begin on or after July 31, 2001, the Plan will no longer provide for the purchase of an annuity contract. A participant with an account balance of \$5,000 or less must take a lump sum distribution.

(g) Forfeited Accounts

On termination of service, the unvested portion of a participant's Company contribution account is forfeited after five consecutive one-year breaks in service or, if earlier, when he takes a distribution of his entire account balance. Forfeitures are used to pay Plan expenses.

(h) Administration

The Company serves as the named fiduciary of the Plan. Administration of the Plan is under the direction of (i) a five-member Profit Sharing Committee, all of whom are corporate officers of the

MARRIOTT INTERNATIONAL, INC. EMPLOYEES' PROFIT SHARING,  
RETIREMENT AND SAVINGS PLAN AND TRUST

Notes to Financial Statements

December 28, 2001 and December 29, 2000

Company, (ii) two trustees, both of whom are corporate officers of the Company, and (iii) a Plan Administrator, who is an employee of the Company. The trustees and their investment advisors and investment managers appointed by the Profit Sharing Committee are responsible for investment of the Plan assets.

(i) Administrative and Investment Expenses

Certain administrative and all investment expenses are paid by the Plan and are allocated to participants based on account balances.

(j) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

(c) Investments Valuation and Income Recognition

The investments directed by participants as of December 28, 2001 and December 29, 2000, are stated at fair value except for the Plan's investments in Guaranteed Investment Contracts (GICs) with fully benefit responsive features, which are valued at contract value. Shares of mutual and collective investment funds are valued at estimated market prices, which represent the net asset value of shares held by the Plan at year-end. The Company stock is valued at its quoted market price. Participant notes receivable are valued at cost, which approximates fair value.

The investment in the ESOP Convertible Preferred Stock is recorded at the value reported to the Plan by the investment manager. This value is a good faith estimate based on the value of Marriott International, Inc. Class A Common Stock that the Plan could have acquired after exercising certain exchange and conversion rights of the ESOP Convertible Preferred Stock.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses from security transactions are reported on an average cost method. Investment earnings are allocated to accounts of Plan participants on a daily basis.

MARRIOTT INTERNATIONAL, INC. EMPLOYEES' PROFIT SHARING,  
RETIREMENT AND SAVINGS PLAN AND TRUST

Notes to Financial Statements

December 28, 2001 and December 29, 2000

(d) Payment of Benefits

Benefits are recorded when paid.

(e) New Accounting Pronouncement

In June 1998, the Financial Accounting Standards Board issued SFAS No. 133, Accounting for Derivative Instruments and Hedging Activities (SFAS No. 133). SFAS No. 133 requires that an entity recognize all derivatives and measure those instruments at fair value.

SFAS No. 133 is effective for fiscal years beginning after June 15, 2000. Pursuant to SFAS No. 137, the Plan is required to adopt SFAS No. 133 effective January 1, 2001. Management has determined that SFAS No. 133 has no impact on the Plan financial statements.

(3) Investments

The following presents investments shown on the Statement of Net Assets Available for Benefits that represent 5% or more of the Plan's net assets.

	Fair value	Percentage of net assets
	-----	-----
Marriott International, Inc. common stock	\$ 290,831,408	16.94%
Marriott International, Inc. ESOP convertible preferred stock	263,005,476	15.29%

During 2001, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by \$(96,596,741) as follows:

	December 28, 2001
	-----
Mutual and collective investment funds	\$ (36,013,365)
Other common stock	(28,892,027)
Preferred stock	(92,202)

Marriott International, Inc. common stock	(10,267,312)
Marriott International, Inc. ESOP convertible preferred stock	(24,739,180)
	-----
	\$ (96,596,741)
	=====

(Continued)

MARRIOTT INTERNATIONAL, INC. EMPLOYEES' PROFIT SHARING,  
RETIREMENT AND SAVINGS PLAN AND TRUST

Notes to Financial Statements

December 28, 2001 and December 29, 2000

The ESOP Preferred Stock accrues a cumulative cash dividend equal to \$100 per share outstanding at each quarter end. For the years ended December 28, 2001 and December 29, 2000, the Plan recorded dividend income of \$15,609,943 and \$15,222,338, respectively. In accordance with the stock purchase agreement, the dividends earned on the ESOP Preferred Stock were used to pay principal and the interest accrued on the ESOP Note.

(4) Investments Not Directed by Participants

Information about the net assets available for benefits relating to investments not directed by participants, as of December 28, 2001 and December 29, 2000, are presented in the following tables:

	2001	2000
	-----	-----
Assets:		
Investment in Marriott International, Inc. ESOP convertible preferred stock, at estimated fair value	\$ 263,005,476	\$ 676,028,200

	-----	-----
End of year	\$ (29,254,527)	\$ (6,007,935)
	=====	=====

(Continued)

MARRIOTT INTERNATIONAL, INC. EMPLOYEES' PROFIT SHARING,  
RETIREMENT AND SAVINGS PLAN AND TRUST

Notes to Financial Statements

December 28, 2001 and December 29, 2000

(5) Related-Party Transactions

The Plan may, at the discretion of Plan participants, invest an unlimited amount of its assets in securities issued by the Company. The Plan held 7,067,592 and 7,353,048 shares of common stock of the Company as of December 28, 2001 and December 29, 2000, respectively. Dividends on Marriott International, Inc. common stock approximated \$1,852,934 and \$1,863,173 for the years ended December 28, 2001 and December 29, 2000, respectively. In addition, as described in note 1, in June 2000, the Plan purchased ESOP Convertible Preferred Stock from Marriott International, Inc. in exchange for a note (as described in note 7). As of December 28, 2001, the Plan held 29,124.7597 shares of the ESOP Convertible Preferred Stock. Dividends earned on the ESOP Convertible Preferred Stock was \$15,609,943 for the year ended December 28, 2001.

Certain investments are purchased from the Custodian and certain investments are managed by the Plan recordkeeper (T. Rowe Price). Fees paid by the Plan for the investment management services amounted to approximately \$225,000 and \$220,000 for Bankers Trust Company and \$676,000 and \$730,000 for T. Rowe Price for the years ended December 28, 2001 and December 29, 2000, respectively.

(6) Guaranteed Investment Contracts

The Plan is invested in certain investment contracts with insurance companies. The custodians of these investment contracts are T. Rowe Price and PRIMCO. The investment contracts are credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses. The contracts are carried at contract value (which represents contributions made under the contracts, plus earnings, less withdrawals and administrative expenses), because they are fully benefit responsive. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The estimated fair value of the investment contracts at December 28, 2001 and December 29, 2000 was \$440,278,674 and \$367,030,898, respectively. The average yield was approximately 5.73% and 6.45% for the years ended December 28, 2001 and December 29, 2000, respectively.

The fair values for these GICs have been estimated based on a discounted cash flow analysis. The estimated fair value is calculated based on the net present value of expected future payments, which include interest and a lump sum contract amount, discounted at a rate determined by the quality of the GICs and the average remaining life. This calculation is necessary, as GICs are not actively traded investments for which a daily fair value is readily available.

The issuers of the GICs are generally insurance companies. Where there are no underlying assets collateralizing the investment, the Plan's ultimate realization of amounts invested in GICs is dependent on the continued financial stability of the issuers of the GICs.

(7) ESOP Note

As discussed in note 1, the Plan was amended to include an ESOP to fund certain employer contributions to the Plan. On June 13, 2000, the Plan purchased \$1.0 billion of ESOP Convertible Preferred Stock with the proceeds of a loan from the Company. The ESOP issued a note (the ESOP Note) in connection with the purchase of the ESOP Convertible Preferred Stock, which matures on June 13, 2010. Principal payments of \$25 million are scheduled on September 13, December 13, March 13, and June 13 of each year with all remaining amounts due at maturity. The interest rate on the ESOP Note is 8.33% per annum and is due on

(Continued)

MARRIOTT INTERNATIONAL, INC. EMPLOYEES' PROFIT SHARING,  
RETIREMENT AND SAVINGS PLAN AND TRUST

Notes to Financial Statements

December 28, 2001 and December 29, 2000

the same dates as the principal payments. There is no penalty for prepayment of this note. Repayment of the ESOP Note principal and interest can only be made from: (i) collateral given for the loan (ESOP Convertible Preferred Stock), (ii) employer contributions made to the Plan to repay such loan, and (iii) earnings attributable to the ESOP Convertible Preferred Stock.

For the year ended December 28, 2001 and December 29, 2000, the Plan recorded interest expense of \$36,094,702 and \$36,669,324 on the ESOP Note, respectively.

During the year ended December 28, 2001, the Company caused \$388,283,544 of principal and \$21,977,356 of interest payable on the ESOP Note to be forgiven. For the year ended December 28, 2001, \$15,609,943 in dividends on the ESOP Convertible Preferred Stock were used to repay the principal and interest on the ESOP Note.

(8) Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated March 30, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code.
